AGREEMENT

THIS AGREEMENT, made and entered into this 1st day of September, 1977, by and between KAISER CEMENT AND GYPSUM CORPORATION (GYPSUM DIVISION) (hereinafter referred to as the Employer) and DRIVER SALESMEN & WAREHOUSEMEN LOCAL UNION NO. 117, AFFILIATE OF THE INTERNATIONAL BROTHERHOOD OF TEAMSTERS, CHAUFFEURS, WAREHOUSEMEN AND HELPERS OF AMERICA (hereinafter referred to as the "Union").

WITNESSETH THAT:

The parties hereto agree as follows:

ARTICLE I - PURPOSE OF AGREEMENT

It is the intent and purpose of the parties hereto to set forth herein the basic agreement covering rates of pay, hours of work, and conditions of employment to be observed between the parties hereto with respect to the employees covered hereby and as hereinafter defined.

ARTICLE II - SCOPE OF AGREEMENT

The term "employee" and "employees" as and wherever used in this Agreement shall mean and include all production and maintenance employees of the Employer at its Gypsum plant located in Seattle, Washington, but excluding all office, clerical, technical and professional employees, boiler operators, watchmen and guards and supervisors as defined in the National Labor Relations Act.

ARTICLE III - RECOGNITION AND UNION SECURITY

(A) The Employer recognizes the Union as the exclusive bargaining agency for its employees for the purposes of collective bargaining in respect to rates of pay, wages, hours, or other conditions of employment.

(B) All employees shall be required to become members of the Union on the thirty-first (31st) day following the beginning of employment, or the effective date of this Agreement, whichever is the later, and thereafter to maintain membership in the Union during the term of this Agreement as a condition of employment; provided, however, that the Employer shall not be obligated to discharge any employee for failure to apply for or maintain membership in the Union as herein provided until a competent replacement can be obtained.

(C) New employees and those hired after a break in continuity of service will be regarded as probationary employees for the first thirty (30) working days of their employment and will receive no continuous service credit during such period. Probationary employees may be transferred, laid off or terminated at the discretion of Employer. Probationary employees continued in the service of the Employer subsequent to the thirty (30) working days from the date of hire shall receive full continuous service credit from the date of hire.

(D) The Union will furnish to the Employer a notarized list of its members who are employees of the Employer, which list shows the name, address, and badge number of each employee. On or before the last day of each calendar month, the Union shall submit to the Employer a notarized supplemental list, showing the same information regarding each employee included in such supplemental list as the notarized list first referred to, covering all employees who shall have become members of the Union since the last previous list of members of the Union was furnished to the Employer. For each employee included in the aforesaid lists to be supplied to the Employer by the Union and for whom the Employer has received a written assignment, not irrevocable for a period of more than one (1) year, or beyond the termination date of this Agreement, whichever occurs sooner, executed by the employee concerned authorizing the Employer so to do, the Employer shall deduct from the first (1st) pay of each succeeding calendar month (if Employer's payroll system reasonably so permits and in any event from the second (2nd) day of such month) the Union dues for the preceding month, and when permitted by law, and if indicated on such lists, the initiation fee due the Union from any employee. All amounts deducted by the Employer from the pay of any employee hereunder shall be remitted by the Employer to the Secretary-Treasurer of the Union local.

(E) The Union shall indemnify the Employer and hold it harmless against any and all suits, claims, demands and liabilities that shall arise out of or by reason of any action that shall be taken by the Employer for the purpose of complying with any provisions of this Article III, or in reliance upon any list or certificate which shall have been furnished to the Employer under any such provisions.

ARTICLE IV - WAGES

Effective on the respective dates set forth in Appendix "A", which is attached hereto and by this reference made a part hereof, the standard hourly wage scale for each classification shall be as set forth in Appendix "A".

ARTICLE V - HOURS OF WORK

(A) The work day for non-shift day workers shall be eight (8) hours within nine (9) hours. The normal work day for shift workers shall be eight (8) hours between the following periods:

First Shift:	8:00 a.m. to 4:00 p.m.
Second Shift:	4:00 p.m. to 12:00 a.m.
Third Shift:	12:00 a.m. to 8:00 a.m.

provided, however, that the Employer and the Union may mutually agree to change the beginning and ending times of such shifts in either direction.

The Employer will, subject to the requirements of continuous and efficient operations, exercise its efforts in good faith to the end that all workers will be scheduled on a basis of five (5) consecutive days of work followed by a rest period of forty-eight (48) consecutive hours; provided, however, the final right to arrange weekly work schedules rests exclusively with the Employer. Nothing herein shall

prevent the Employer from scheduling employees to work more than five (5) consecutive days without incurring overtime liability, subject to the provisions of Article VI. (Appendix "D")

(B) Whenever an employee is held over from the shift on which he has been working to the following shift due to the failure of a relief employee to report to work as scheduled, the employee so held over shall be given the option of continuing to work the remainder of such following shift or to leave and be paid for only the hours so worked in the event such relief employee reports late to work on such following shift. It is understood by the parties hereto that any employee reporting to work late is not eligible for reporting pay under Section (F) of Article VI of this Agreement, nor is the Employer under obligation to put a late employee to work.

ARTICLE VI - OVERTIME AND ALLOWED TIME

(A) Definitions:

The term "Payroll week" shall mean and consist of the seven (7) consecutive days commencing at 8:01 a.m., Monday, or at the shift changing hour nearest that time, and ending the following Monday at 8:00 a.m.

(B) Overtime shall be paid at the rate of time and one-half of the rate set forth in Appendix "A" attached hereto, in effect for the particular classification of work the employee is performing during the following hours:

(1) Hours worked in excess of eight (8) in any one payroll day.

(2) Hours worked on Saturday.

(C) Overtime shall be paid at the rate of double the rate of pay set forth in Appendix "A" attached hereto, in effect for the particular classification of work the employee is performing for hours worked on Sunday.

(D) Overtime payment shall not be duplicated for the same hours worked under any of the terms of this Agreement.

(E) Any employee called out to work after the starting time of any shift shall be given four (4) hours' work or pay for four (4) hours in the event he is not put to work.

(F) An employee who is regularly scheduled to report and who does report for work on time shall be given four (4) hours' work, or pay for four (4) hours in the event he is not put to work.

(G) Hours actually worked under Sections (E) and (F) of this Article shall be paid for at overtime rates only when they constitute overtime under the provisions of Sections (B) and (C) of this Article.

(H) The provisions of Sections (E) and (F) of this Article do not apply in the event that:

(1) Strikes, work stoppages in connection with labor disputes, or failures of utilities, or acts of God interfere with work being provided; or

(2) An employee is not put to work or is laid off after having been put to work; either at his own request or due to his own fault; or

(3) The Employer give such reasonable notice as determined. When an employee is notified not to report for work, such notice shall be given at least three (3) hours in advance of the time he was scheduled to report. Notice shall be deemed to have been given if the employer has called the telephone number listed with the Employment Office for use in such situations.

ARTICLE VII - SHIFT DIFFERENTIALS

(A) The employer shall continue to pay twenty (20) cents per hour wage differential above the basic straight time hourly rate for the hours worked for employees scheduled and working on the second shift.

(B) The employer shall continue to pay twenty-seven (27) cents per hour wage differential above the basic straight time hourly rate for the hours worked for employees scheduled and working on the third shift.

(C) Pay for consecutive hours of daily overtime worked by shift workers beyond scheduled shifts (eight (8) hours) shall be calculated and paid on the clock basis of the applicable shift differential.

ARTICLE VIII - SENIORITY

(A) In all cases of promotion, except those to positions excluded under the definition of "employees" in Article II hereof, and in all cases of increase or decrease in forces, the following factors listed below shall be considered. However, only where both factors (2) and (3) are relatively equal shall continuous service be the determining factor.

(1) Continuous service

(2) Ability to perform work

(3) Physical fitness

(B) The above factors shall be applied as set forth in the Supplemental Seniority Agreement which is attached hereto as Appendix "B" and by this reference is made a part hereof.

(C) There shall be no deduction for any time lost which does not constitute a break in continuous service. Continuous service is broken by:

Handwritten signatures and initials:
K. R.
R. R.
D. T.

- (1) Voluntarily quitting the Employer
- (2) Absence due to discharge or termination
- (3) Suspension or leave of absence, either of which continues for more than six (6) months
- (4) Absence due either to layoff or to disability, or both, which continues for more than two (2) years; provided, however, that employees injured while on duty, for which Workmen's Compensation is payable, shall accumulate credit for continuous service until the termination of the period for which their statutory compensation is payable.
- (5) Leaves of absence for pregnancy shall be granted to employees with one (1) or more years of seniority without pay or benefits, as follows: Such employees may continue in employment during pregnancy up to but not including the seventh (7th) month of pregnancy if the employee's doctor certifies in writing that the employee is capable of continuing in employment without danger to herself. Prior to the seventh (7th) month the employee must advise the Employer in writing that she will wish to return to work after the birth of her child, and she must thereafter return ready and able to work within sixty (60) calendar days from the date of birth, with a doctor's certificate stating that she is capable of resuming her normal full-time employment. Employees who neglect or who find it impossible to comply with the foregoing shall lose all right to employment.
- (6) Any employee covered by this Agreement and agreements supplementary hereto who leaves a position other than a temporary position with any Employer covered by this Agreement, for immediate induction into any of the armed forces of the United States, shall be reemployed if application is made within ninety (90) days after he is discharged from the armed forces in accordance with the provisions of Section 9B of the Selective Service Act of 1948 and any official amendment or modification thereof.

(D) Continuous service shall only include service with the Employer and shall not be transferrable between the Employer's plants.

(E) The parties hereby agree to continue to apply the provisions of this Agreement to all employees without regard to race, age, sex, religion, color, national origin, ancestry, or Union activities.

ARTICLE IX - MEAL PERIODS

(A) Any person required to work over five (5) continuous hours without time out for meals shall be paid time and one-half his standard hourly wage scale for the time worked over five (5) hours until his meal period is provided.

(B) Time for meals not to exceed one-half (1/2) hour on Employer time per shift shall be allowed shift workers.

(C) When an employee has finished his regular shift of work (eight (8) hours) and is required to remain on duty in excess of nine (9) consecutive hours including his regular shift, he shall have the option of taking an Employer-paid meal period at the rate of time and one-half for a period not to exceed one (1) hour or he may continue to work without a meal period and be paid one additional hour at time and one-half upon completion of his actual hours worked.

ARTICLE X - HOLIDAYS

(A) New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, the Friday after Thanksgiving Day, Day Before Christmas, Christmas Day, the employee's birthday, and the scheduled day preceding New Year's Day shall be recognized as holidays. Holidays falling on a Sunday shall be recognized on the following Monday. Holidays falling on a Saturday shall be recognized on either Friday or Saturday at the option of the Employer, but shall be designated accordingly with advance notice to the employees. The scheduled day preceding New Year's Day will be a holiday (i.e.) if New Year's Day falls on a Monday, the preceding Friday shall be the last scheduled work day. If an employee desires to have a holiday off for which he is scheduled, he shall be responsible for arranging his own relief and shall so notify his supervisor. Labor Day, Christmas Day and New Year's Day shall be considered as mandatory holidays and if the Employer desires to work on those holidays he shall post a sign-up sheet forty-eight (48) hours in advance of the holiday. Monday holidays as designated by Presidential Order shall be recognized holidays.

(B) An employee shall be paid for eight (8) hours at his regular straight rate of pay, including shift differentials, for each of the foregoing named holidays when not worked.

(C) All work performed on a holiday shall be paid at two and one-half times (2½) times the straight time rate, including shift differentials.

(D) All overtime work performed on a holiday shall be paid for at two and one-half (2½) times the straight time rate, including shift differentials.

(E) To be eligible for holiday pay under the provisions of Paragraph (B) above, an employee must have been continuously in the employ of the Employer for at least thirty (30) calendar days prior to the holiday.

(F) To be eligible for holiday pay under any of the above provisions, an employee must have worked his last regularly scheduled work day immediately preceding the holiday and his first regularly scheduled work day immediately following the holiday. However, the absence of an employee from work on any such work day because of illness or injury evidenced by a doctor's certificate shall not disqualify him from receiving holiday pay.

(G) When an employee is absent due to either an industrial or non-industrial accident or illness and a recognized holiday(s) falls within a 30-day calendar period following his last regularly scheduled work day, he will be eligible for holiday pay, upon his return to work, providing medical evidence substantiates the absence. Payment will be made as contractually provided unless State U.C.D., Workmen's Compensation, or Sick Leave benefits are being paid. Then the Employer will supplement these benefits to provide total pay equal to eight (8) hours at the employee's straight time rate of pay.

ARTICLE XI - VACATIONS

(A) Employees who have been in the service of the Employer continuously for one (1) year or more shall be entitled to one (1) week's vacation. Employees who have been in the service of the Employer continuously for two (2) years or more shall be entitled to two (2) week's vacation. Employees who have been in the service of the Employer continuously for five (5) years or more shall be entitled to three (3) week's vacation. - (3) Employee entitled to two (2) week's vacation and who did not make twelve hundred (1200) shall receive for every one hundred twenty-five (125) paid hours, eight (8) hours paid.
- (4) Employee entitled to three (3) week's vacation and who did not make twelve hundred (1200) hours shall receive for every one hundred twenty-five (125) paid hours, twelve (12) hours paid.

It shall be in the sole discretion of the Employer to determine whether interference with the Employer's operation would result from an employee taking a vacation at any specified time.

(F) When a holiday specified in Article X fall on a day within an employee's vacation period, he shall receive eight (8) hours additional vacation pay or an extra day off.

Such hours shall be credited to the employee when he returns to work.

(J) The hours of credit to be applied under (G) and (H) above shall only apply to those employees returning to work with continuous service.

A doctor's certificate or other reasonable proof of illness may be required by the Employer. It is understood that those employees who become too ill to work during their shift and who have to go home shall be paid sick leave if they apply for it. Such sick leave with pay including appropriate shift differential for those on fixed shifts shall be applicable only in cases of bona fide illness or accident and shall be paid in the following manner:

- (1) If an employee is absent from work on the day before any of the holidays listed in Article X or the day after any such holidays, due to bona fide illness or accident, said holiday shall be considered a work day's absence within the meaning of this Article.
- (2) For the purposes of this Article, full pay shall mean pay for the regular daily schedule of working hours, for the regular daily schedule of working hours, for those days which the employee would have worked had the disability not occurred, calculated at straight time. The waiting period herein provided before full pay commences shall apply for each illness or accident in case the sick benefit allowance has not been used up in previous illnesses.
- (3) Sick benefits - Unused sick leave to be paid off in December of each year.
- (4) In industrial injury or disability cases, Workmen's Compensation or Unemployment Disability (UCD) benefits and sick benefit allowance shall be paid separately, but

in the event Workmen's Compensation payments or Unemployment Disability payments cover all or part of the period during which sick benefit allowances are paid, the sum of the two shall not exceed the sick benefit payable for said period, and the unused portion of accumulated sick leave will continue to be credited to the employee. Integration of sick leave benefits with Workmen's Compensation or Unemployment Disability payments is to be automatic; the Employer may not waive integration, and any employee entitled to Workmen's Compensation or Unemployment Disability payments must apply therefore (in order that the principle of integration may be applied) before sick benefits are payable.

ARTICLE XIII - PENSIONS

The Employer shall pay into the Western Conference of Teamsters Pension Trust Fund on account of each member of the bargaining unit, irrespective of membership or nonmembership in the Union, the following amounts which are to be based on hours for which compensation has been paid.

Effective January 1, 1978, based on December 1977 hours, the amount of sixty cents (60¢) per hour on all compensable hours. Not to exceed \$103.80 per month.

Effective February 1, 1978, based on January 1978 hours, the amount of sixty-five cents (65¢) per hour on all compensable hours.

Not to exceed \$112.45 per month.

Effective February 1, 1979, based on January 1979 hours, the amount of ninety-eight cents (98¢) per hour on all compensable hours.

Not to exceed \$169.54 per month. (per 7¢ nickel)

Effective February 1, 1980, based on January 1980 hours, the amount of one dollar and five cents (\$1.05) per hour on all compensable hours.

Not to exceed \$181.65 per month.

The total amount due for each calendar month shall be remitted in a lump sum not later than ten days after the last business day of the month. If the Employer fails to make monetary contributions as required, such shall be a breach and the Union, without liability therefore, may implement any economic persuasion deemed expedient and such shall not be a violation of this Agreement.

The Employer agrees to abide by the rules established by the Trustees of said Trust Fund to facilitate the accurate determination of hours for which contributions are due, prompt and orderly collection, and accurate reporting and recording of amounts paid. Upon Union request, a copy of Pension transmittals shall be posted on the bulletin board.

The parties agree that because the Trustees of the Fund will rely on the execution of this Agreement to restore or not to reduce benefits

to Retiring Employees as indicated above, this Agreement with respect to payments into The Pension Trust Fund for active employees may not be modified, terminated or rescinded by the parties, directly or indirectly, during its term without the express written consent of the Trustees.

ARTICLE XIV - ADJUSTMENT OF GRIEVANCES

(A) Purpose

It is the intent and purpose of this Article, which shall be available to both the Union and the Employer, to provide for the presentation and equitable adjustment of grievances.

(B) Grievance Procedure

Step 1. Any complaint or grievance arising under this Agreement must be presented first by the complainant to his foreman within twenty-one (21) working days after the occurrence of the event causing the grievance, the foreman shall give an answer to the complainant within one (1) working day after his discussion with the complainant. If the foreman's decision is not appealed to Step 2., the grievance shall be considered settled on the basis of the decision made, and shall not be eligible for further appeal.

Step 2. In order for a grievance to be considered further, it must be filed in writing within three (3) days after the foreman's answer, exclusive of Saturdays, Sundays and holidays. Grievances filed in this second step shall be in writing on grievance forms furnished by the Employer, shall be dated and signed by the employee and his Union local representative, and three (3) copies delivered to the Industrial Relations Representative. Such grievance shall be discussed in an attempt of settlement at a mutually convenient time within three (3) days after presentation to the Industrial Relations Representative. The Industrial Relations Redrepresentative will insert in the appropriate place on the form his disposition of the matter, sign and date the same, and return one copy to the Union's local representative within five (5) working days from the date of presentation in this Step 2. If the decision of the Employer is not appealed to Step 3., the grievance shall be considered settled on the basis of the decision last made, and shall not be eligible for further appeal.

Step 3. In order for a grievance to be considered further, it shall be appealed by the Union local for consideration to the Manager of Industrial Relations of the Employer within ten (10) working days after the decision of the Industrial Relations Representative. The Manager of Industrial Relations, or his designee, shall within ten (10) working days after receipt of the appeal confer with the Secretary-Treasurer of the Union, or his designee, in an attempt to settle the same. After such discussion, the Manager of Industrial Relations, or his designee, shall render his decision in writing to the Secretary-Treasurer of the Union. If such decision is unsatisfactory to the Union, the Union may, by written notice served on the Employer within thirty (30) days from receipt of such decision, appeal the grievance to arbitration as hereinafter provided. If the decision in this step is not appealed to arbitration as above provided, the grievance shall be considered settled on the basis of such decision, and shall not be eligible for further appeal.

R. R. R. T.
KMC

Step 4. A grievance appealed from Step 3. shall be submitted to an impartial umpire to be appointed by mutual agreement of the parties hereto and whose decision shall be final. In the event mutual agreement cannot be reached on an umpire within ten (10) days from receipt of notice of appeal to arbitration, the parties shall appeal to the American Arbitration Association for a panel of seven (7) names. If the parties cannot agree upon one of the individuals named in the panel submitted, the Employer and the Union shall strike names alternately until one (1) name remains, and he shall be the arbitrator.

The arbitrator shall not have the power to alter or amend the terms of this Agreement, and the cost of said arbitration proceeding shall be borne equally by the Employer and the Union.

(C) Failure by the Employer to render its decision in Steps 2. and 3. within the time therein provided for (including mutually agreed-to extension periods) shall be deemed to constitute a granting of the grievance by the Employer. Waiver by the Union or by an employee as hereinbefore provided for, due to failure to process the grievance within the time periods established, or automatic granting of a grievance by the Employer due to its failure to render a decision within the prescribed time limits, shall not constitute a binding precedent upon either party on the merits of the particular grievance, in the event of a later recurrence of any situation which gives rise to the grievance so waived or automatically granted.

(D) If this Agreement is violated by the occurrence of a strike, work stoppage or interruption or impeding of work, no grievance shall be discussed or processed while such violation continues.

ARTICLE XV - JURY DUTY ALLOWANCE

Any employee who has completed thirty (30) days of employment with the Employer who is required to perform jury duty will be entitled to reimbursement at the straight time hourly rate of his regular job for the hours necessarily lost as a result of serving on the jury, provided, however, that such reimbursement shall not exceed eight (8) hours per day or forty (40) hours per week, less pay received for jury duty. For the purpose of this Article time spent in court in response to a summons for jury duty shall be considered as a service on a jury. The employee will be required to furnish a signed statement from a responsible officer of the court as proof of jury service and jury duty pay received.

Hours paid for jury duty will be counted as hours worked for the purpose of computing vacation and holiday pay but will not be counted as hours worked for the purpose of computing overtime.

ARTICLE XVI - FUNERAL LEAVE

In the event of a death in the immediate family of an employee who has completed thirty (30) days employment, he shall, upon request, be granted such time off with pay as is necessary to make arrangements for the funeral and attend same, not to exceed three (3) regularly scheduled working days. This provision does not apply if the death occurs during the employee's paid vacation, or while the employee is on leave of absence, layoff, or sick leave, and does not apply to death resulting

from earthquake.

For the purpose of this provision, the immediate family shall be restricted to father, stepfather, mother, stepmother, brother, stepson, sister, stepdaughter, spouse, child, mother-in-law and father-in-law. At the request of the Employer, the employee shall furnish a death certificate and proof of relationship.

Funeral leave applies only in instances in which the employee attends the funeral, or is required to make funeral arrangements, but is not applicable for other purposes such as settling the estate of the deceased.

ARTICLE XVII - STRIKES AND LOCKOUTS

There shall be no strikes, lockouts, or any interruption or cessation of work by either party on account of any labor dispute or matter arising under this Agreement. No picket lines shall be established by the Union, nor shall any picket line established by others be respected. Should any difference arise between the Employer and the Union as to the meaning or application of the provisions of this Agreement, the same shall be disposed of in accordance with the provisions of Article XIV of this Agreement.

* Employees shall not refuse to handle any merchandise, except that in the event of a strike by members of the Union or the I.B.T. - I.L.W.U. Northern California Warehouse Council against an Employer not a member of the Association, employees shall not be required to handle merchandise is not ordinarily handled by the Employer-member of this Association.

Any action of the employees leaving jobs for their own protection in cases of a legally declared strike by some other union directly working on the job, if such strike is sanctioned and approved by the labor body or council having jurisdiction, or by the I.B.T. - I.L.W.U. Northern California Warehouse Council, shall not constitute a violation of this Agreement.

ARTICLE XVIII - MANAGEMENT

The management of the works and plant and the direction of the working forces, including the right to hire, suspend, or discharge for proper cause, or transfer, and the right to relieve employees from duty because of lack of work, or for other legitimate reasons, is vested exclusively in the Employer, provided that this will not be used for purposes of discrimination against any employee for Union activity.

ARTICLE XIX - SAVING CLAUSE

Should any of the terms and conditions of this Agreement be invalid under applicable Federal or State laws, the remaining terms and conditions shall continue in full force and effect.

ARTICLE XX - DURATION OF AGREEMENT.

Except as otherwise specifically provided this Agreement is effective as of September 1, 1977, and shall remain in effect until September 1, 1980, and from year to year thereafter unless written notice of a desire to terminate or amend this Agreement is given sixty (60) days prior to September 1, 1980, or any such yearly expiration date by either of the parties to this Agreement. Such written notice as aforesaid shall indicate the nature of the changes and amendments proposed, and negotiations regarding the same shall commence within thirty (30) days after delivery of such notice.

ARTICLE XXI - TRANSFER OF COMPANY TITLE OR INTEREST

This agreement shall be binding upon the parties hereto, their Successors, Administrators, Executors and Assigns. The Company shall give notice of the existence of this agreement to any such successor, and request their assumption of the agreement and the retention of employees. A copy of such notice shall be provided to the Union at the time of the transaction. Should the successor through exercise of their separate legal rights decline to offer employment to any or all employees covered by this agreement, then the Company agrees to discuss with the Union the effect of such action on the concerned employees. Further, the Company agrees to bargain collectively with the Union with regard to employees not offered continued employment as though such employees were being terminated due to a plant closing.

APPENDIX "B"

SUPPLEMENTAL SENIORITY AGREEMENT

1. PURPOSE

- A. In accordance with provisions of Article VIII of the Agreement, the Employer and the Union desire to establish seniority practices to be followed in all cases of promotions, and in all cases of decrease of forces.
- B. It is not intended, however, that the procedure set forth below shall be construed as modifying or changing in any way any provision of the Agreement and all procedures and practices hereby established shall be and remain subject to the provisions of the Agreement.
- C. This Supplemental Seniority Agreement shall run concurrently with the Agreement and, except as herein may be provided, shall remain in effect for the duration of the Agreement.

2. DEFINITION OF TERMS

As herein used, the following terms shall have the meaning given to each as follows:

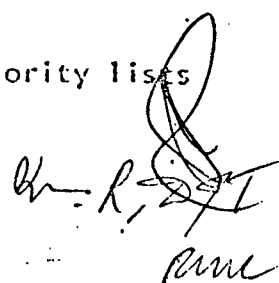

- A. "Seniority" shall mean continuous service as defined by Article VIII of the Agreement.
- B. "Job Seniority" shall mean seniority on the job to which an employee is permanently assigned. No employee shall hold "Job Seniority" on more than one job at a time.
- C. "Line of Progression Seniority" shall mean seniority within the Line of Progression as described and attached to this Agreement, and shall commence at the time an employee is regularly assigned to any classification within such Line of Progression.

3. SENIORITY

- A. Seniority of employees covered by the Agreement shall be computed from the date of hire, and shall be determined in accordance with Article VIII of the Agreement.
- B. In outlining herein the details by which promotions, transfer, decrease of forces, or restoration of forces shall be made, to avoid repetition in each instance hereinafter referred to, it is mutually understood that seniority pursuant hereto, shall be so applied only when ability and physical fitness are relatively equal, in accordance with the provisions of Article VIII, Section (A), of the Agreement.

4. SENIORITY LISTS

The Employer shall prepare and have available for inspection seniority lists for each job classification in the Line of Progression.

R. D. T.
RMC

5. LINE OF PROGRESSION

The Line of Progression shall be as set forth and attached to this Agreement.

6. POSTING JOB VACANCIES

- A. When a vacancy occurs, the job shall be posted so that the senior employee in the proper job classification may apply for it.
- B. The period of posting shall be limited to five (5) days, excluding Saturday, Sunday, and holidays, during which time temporary assignments to fill job vacancies may be made.
- C. When a job vacancy has been posted as outlined above, only those employees bidding for the job need be considered. Absence of a bid by an employee shall be deemed to be waiver of right of promotion to that particular job vacancy.
- D. To be eligible to bid for a job, an employee must actually be present and on the job during the posting period, except that those employees on vacation or authorized leave of absence may submit a bid for a prospective job vacancy either before taking leave or during the period of leave, except that when such bid has been recorded it shall be accepted only provided the employee has returned to work at the completion of his authorized leave or vacation.

7. FILLING JOB VACANCIES

- A. Vacancies which occur in any job except those jobs which are set forth in the Lines of Progression attached hereto, shall be posted for plantwide bid. The vacancy shall be awarded to the applicant with the most seniority in keeping with Article 8A.
- B. Vacancies which occur in those jobs which are within the Lines of Progression shall be posted for bid within the Line of Progression, and shall be awarded to the applicant with the most plant seniority in the next lower classification or succeeding classifications, in keeping with Article 8A. In the event the vacancy is not filled in this manner it shall be posted for plantwide bid and filled as set forth in A above.
- C. It is understood and agreed that all successful bidders or assignees to newly created jobs or job vacancies shall receive a trial period of thirty (30) calendar days. If it is determined by the Employer anytime within the above referred to trial period that the job bidder or assignee is not qualified, the disqualified employee will thereupon be returned to his former job.
- D. If the job vacancy cannot be filled by the above procedure, the Employer may fill the vacancy by new hire.

[Handwritten signature]
[Handwritten initials]
[Handwritten name]

8. TRANSFERS

Temporary transfers may be made by the Employer to meet emergencies and to fill temporary vacancies, but in such cases the transferred employee retains all rights to his regular job.

9. DEMOTIONS

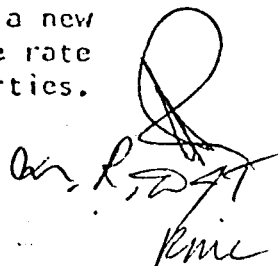

- A. Demotions shall be made down the Line of Progression.
- B. Any employee, demoted as a result of a reduction in the crew in a given job classification or combination of equal job classifications in the Line of Progression, shall be placed in the next lower job classification in the Line of Progression, with top "Job Seniority"; provided, however, that an employee who has been promoted around other employees in the Line of Progression for any reason whatsoever shall be demoted in the same manner as he was promoted. When more than one employee is demoted, such employees shall have top "Job Seniority" in that job classification in the same relations, one to the other, as they held in the job classification from which they were demoted.
- C. When an employee is demoted for reasons other than reduction in the crew or voluntarily requests demotion, his job will be declared vacant. In such event, the job shall be posted and filled in the manner provided by this Agreement. The employee so vacating his job will then take the first resultant lower job vacancy in the Line of Progression, which he is capable of performing.
- D. An employee so demoted shall establish job seniority in his new job as of the date of reclassification and, in any event, shall not be eligible to bid on his previous job for a period of six months.

10. DECREASES IN FORCES

It is understood and agreed that plant seniority will be the prevailing factor at any time where there is a force reduction; except that both the Employer and the Union recognize the Employer's need to, at all times, retain a staff of trained men so as to maintain standards of quality and quantity of production, and therefore it is agreed that at the time of a force reduction the Union will meet with the Employer in order to discuss the manner of making proposed layoffs and in good faith, will consider modifications of the seniority practices hereby established, which the Employer claims are necessary to assure retention of an adequate staff of trained personnel as aforesaid.

11. NEW JOB CLASSIFICATIONS

The Employer will discuss with the Union in advance any job classification or content change which may be contemplated as a result of the introduction of new machinery, new methods of operation or the elimination of certain job classifications or duties. Whenever the Employer establishes a new job classification or revises an existing classification, the wage rate applicable thereto shall be subject to negotiation between the parties.

Handwritten signature and initials, possibly reading "R. D. T." and "Kme".

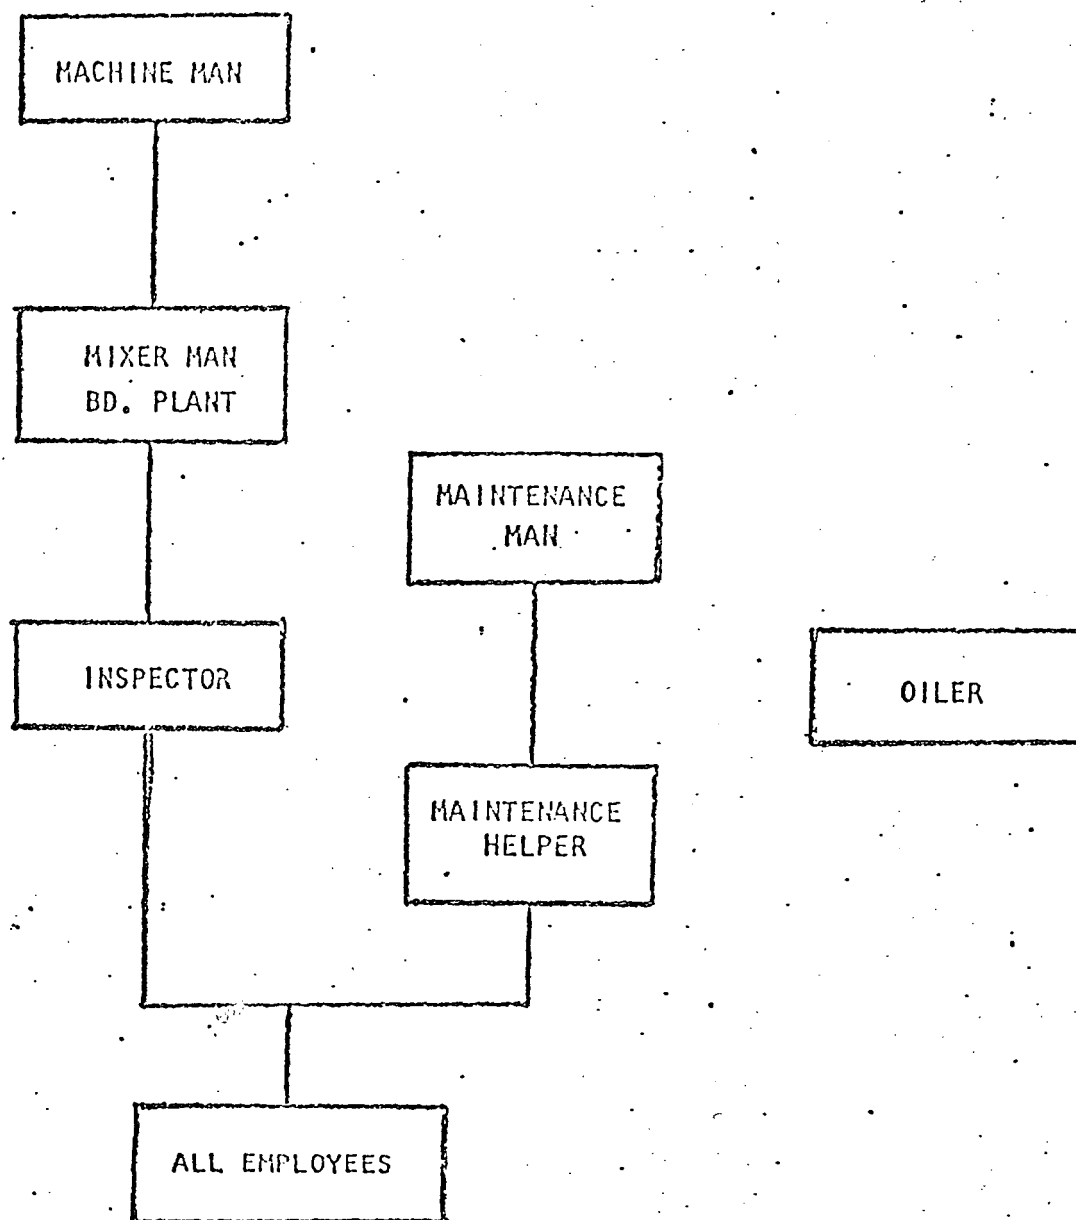

If the agreement on the rate is not reached within ten (10) days, then the Union may invoke the Grievance Procedure.

12. SUPPLEMENTAL AGREEMENTS

- A. Questions concerning interpretation or application of this Agreement may arise from time to time and it is mutually agreed that in the interest of preventing misunderstanding, the Union and the Company shall promptly meet, at the request of either, to further clarify this Agreement in writing. Upon being mutually agreed to, such clarification shall become a part of this Agreement; however, such clarification shall not be inconsistent with the provisions of this Agreement.
- B. If questions arise that cannot be mutually agreed to under Section A of this Paragraph 12, they shall be handled under the terms of the Agreement as set forth in Article XIV.

Dear Bill:

We have outlined below the confirmation of our understanding regarding the problem of work weeks of less than 40 hours which resulted from the soft building materials market in our competitive area.

During the term of our current labor agreement, it is agreed that if an employee starts to work on Monday, he will be guaranteed a minimum of 40 hours of work or pay in that week. Of course, if the employee gets sick during the week or is absent from work for any other reason which is for the employee's convenience, the hours he misses will be deducted from the 40 hours insofar as the guarantee for that week is concerned. In weeks in which a holiday is observed and an employee is given a day off because of the holiday, the holiday will be counted as 8 hours worked as part of the 40 hour guarantee.

If the above meets with your understanding, would you please sign in the space provided below and return two copies for our files.

Very truly yours,

Dear Mr. Wiborn:

This is to confirm that during the negotiations of the Agreement the following was agreed to between Kaiser Cement & Gypsum and the Union:

1. Effective March, 1976, the employer will post a list monthly as to how much accumulation each employee has in sick leave bank.
2. Maintenance Man: The Employer will replace broken, and in some cases, stolen tools.
3. Lunch Breaks (Take-Off): Lunch breaks shall be taken. When once started, the employee shall only be requested to work in an emergency. If less than 1/2 hour is taken, the remainder is to be taken when emergency is over. Supervisors shall not abuse the meaning of an emergency.

Please confirm the above understanding by signing in the space provided below, and returning two (2) copies to this office.

Dear Mr. Bush:

During our recent negotiations, two proposals were discussed at considerable length. Namely, Supervisory personnel working and proof of illness for sick leave pay. Therefore, this letter states the position of the Company as follows:

A. Company personnel shall not perform bargaining unit work except:

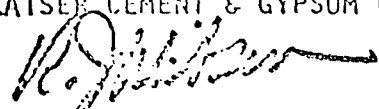

1. In emergency situations which involve immediate potential physical harm to another employee or mechanical damage to the equipment or plant itself;
2. to instruct or train employees;
3. to assist regular operators in set-up, start-up, or machinery adjustments or;
4. to perform experimental work.

B. As of July 1, 1976, only in certain specific instances, reasonable proof of illness may be required by the Employer; but for the most part, a doctor's certificate for sick leave pay will not be necessary. We feel that as long as sick leave is not taken advantage of, no problem will exist.

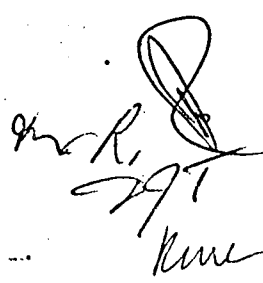

If you have any questions regarding the above, please do not hesitate to contact us.

All employees covered by this Agreement shall be covered by the provisions of a cost-of-living allowance, as set forth in this section.

The amount of the cost-of-living allowance shall be determined and redetermined as provided below on the basis of the "Consumer Price Index for Urban Wage Earners and Clerical Workers" (1967-69=100) published by the Bureau of Labor Statistics, U. The first cost-of-living allowance shall be effective on December 1, 1977, based on the difference between the Base Index figure of June, 1977 and the Index figure for September, 1977. Thereafter during the life of the Agreement, adjustments in the cost-of-living allowance shall be made quarterly on the basis of changes in the Index as follows:

The cost-of-living allowance shall be one cent (1¢) for every .3 points increase in the Index for each quarterly calculation up to a maximum thirty cents (30¢) per hour in any one December to September yearly period.

No adjustments, retroactive or otherwise, shall be made in the amount of the cost-of-living allowance due to any revisions which later may be made in the published figures for the Index for any month on the basis of which the allowance has been determined.

The cost-of-living allowance shall become a fixed part of the base rates for any classification.

A decline in the Index shall not result in a reduction of classification base rates.

AGREEMENT

THIS AGREEMENT, made and entered into this first (1st) day of September, 1977 by and between KAISER CEMENT AND GYPSUM CORPORATION, (hereinafter referred to as the "Employer") and the INTERNATIONAL UNION OF OPERATING ENGINEERS, AMERICAN FEDERATION OF LABOR, (hereinafter referred to as the "Union"), on behalf of its Local Union 286.

On or before the last day of each calendar month, the Union shall submit to the Employer a notarized supplemental list, showing the same information regarding each employee included in such supplemental list as the notarized list first referred to, covering all employees who shall have become members of the Union since the last previous list of members of the Union was furnished to the Employer. For each employee included in the aforesaid lists to be supplied to the Employer by the Union and for whom the Employer has received a written assignment, not irrevocable for a period of more than one (1) year, or beyond the termination date of this Agreement, whichever occurs sooner, executed by the employee concerned authorizing the Employer so to do, the Employer shall deduct from the first (1st) day of each succeeding calendar month (if Employer's payroll system reasonably so permits and in any event from the second (2nd) pay of such month) the Union dues for the preceding month, and when permitted by law, and if indicated on such lists, the initiation fee due the Union from any employee. the provisions of Article VI.

(B) Time for meals not to exceed one-half (1/2) hour per shift shall be allowed shift workers working a three-shift schedule.

(C) Whenever an employee is held over from the shift on which he had been working to the following shift due to the failure of a relief employee to report to work as scheduled, the employee so held over shall be given the option of continuing to work the remainder of such following shift or to leave and be paid for only the hours so worked in the event such relief employee reports late to work on such following shift. (7) No employee should receive any proration of vacation unless he has one year of service with the Employer.

(D) No employees shall receive more than one vacation in any continuous twelve (12) months of service for the employer.

(E) Vacations may be taken at any time at the employee's convenience, provided ample notice is given to the Employer; and provided further, no interference with the Employer's operations will result. It shall be in the sole discretion of the Employer to determine whether interference with the Employer's operation would result from an employee taking a vacation at any specified time.

(F) When a holiday specified in Article X falls on a day within an employee's vacation period, he shall receive eight (8) hours additional vacation pay or an extra day off.

entitled to six (6) days (forty-eight (48) straight time hours) sick leave with pay per year. A doctor's certificate or other reasonable proof of illness may be required by the Employer. It is understood that those employees who become too ill to work during their shift and who have to go home shall be paid sick leave if they apply for it. Such sick leave with pay including appropriate shift differential for those on fixed shifts shall be applicable only in cases of bona fide illness or accident and shall be paid in the following manner:

- (1) If an employee is absent from work on the day before any of the holidays listed in Article X or the day after any such holidays, due to bona fide illness or accident, said holiday shall be considered a work day's absence within the meaning of this Article.
- (2) For the purposes of this Article, full pay shall mean pay for the regular daily schedule of working hours, for those days which the employee would have worked had the disability not occurred, calculated at straight time. The waiting period herein provided before full pay commences shall apply for each illness or accident in case the sick benefit allowance has not been used up in previous illnesses.
- (3) Sick benefits - Unused sick pay to be paid off in December of each year.
- (4) In industrial injury or disability cases, Workmen's Compensation or Unemployment Disability (UCD) and sick benefit allowance shall be paid separately, but in the event Workmen's Compensation payments or Unemployment Disability payments cover all or part of the period during which sick benefit allowances are paid, the sum of the two shall not exceed the sick benefit payable for said period, the unused portion of accumulated sick leave will continue to be credited to the employee. Integration of sick leave benefits with Workmen's Compensation or Unemployment Disability payments is to be automatic; the Employer may not waive integration, and any employee entitled to Workmen's Compensation or Unemployment Disability payments must apply therefore (in order that the principle of integration may be applied) before sick benefits are payable.

ARTICLE XIV - ADJUSTMENT OF GRIEVANCE

(A) Purpose

It is the intent and purpose of this Article, which shall be available to both the Union and the Employer, to provide for the presentation and equitable adjustment of grievance.

(B) Grievance Procedure

Step 1. Any complaint or grievance arising under this Agreement must be presented first by the complainant to his foreman within twenty-one (21) working days after the occurrence of the event causing the grievance, and the foreman shall give an answer to the complainant within one (1) working day after his discussion with the complainant. If the foreman's decision is not appealed to Step 2, the grievance shall be considered settled on the basis of the decision made, and shall not be eligible for further appeal.

Step 2. In order for a grievance to be considered further, it must be filed in writing within three (3) days after the foreman's answer, exclusive of Saturdays, Sundays and holidays. Grievances filed in this second step shall be in writing on grievance forms furnished by the Employer, shall be dated and signed by the employee and his Union local representative, and three (3) copies delivered to the Industrial Relations Representative. Such grievance shall be discussed in an attempt of settlement at a mutually convenient time within three (3) days after presentation to the Industrial Relations Representative. The Industrial Relations Representative will insert in the appropriate place on the form his disposition of the matter, sign and date the same, and return one copy to the Union's local representative within five (5) working days from the date of presentation in this Step 2. If the decision of the Industrial Relations Representative is not appealed to Step 3, the grievance shall be considered settled on the basis of the decision last made, and shall not be eligible for further appeal.

Step 3. In order for a grievance to be considered further, it shall be appealed by the Union local for consideration to the Manager of Industrial Relations of the Employer within ten (10) working days after the decision of the Industrial Relations Representative. The Manager of Industrial Relations or his authorized designee, shall, within ten (10) working days after receipt of the appeal, confer with the Director of the Union, or his designee, in an attempt to settle the same. After such discussion, the Manager of Industrial Relations, or his designee, shall render his decision in writing to the Director of the Union. If such decision is unsatisfactory to the Union, the Union may, by written notice served on the Employer within thirty (30) days from receipt of such decision, appeal the grievance to arbitration as hereinafter provided. If the decision in this step is not appealed to arbitration as above provided, the grievance shall be considered settled on the basis of such decision, and shall not be eligible for further appeal.

Step 4. A grievance appealed from Step 3 shall be submitted to an impartial umpire to be appointed by mutual agreement of the parties hereto and whose decision shall be final. In the event mutual agreement cannot be reached on an umpire within ten (10) days from receipt of notice of appeal to arbitration, the parties shall appeal to the American Arbitration Association for a panel of seven (7) names. If the parties cannot agree upon one of the individuals named in the panel submitted, the Employer and the Union shall strike names alternately until one (1) name remains, and he shall be the arbitrator.

The arbitrator shall not have the power to alter or amend the terms of this Agreement, and the cost of said arbitration proceeding shall be borne equally by the Employer and the Union.

(C) Failure by the Employer to render its decision in Steps 2 and 3 within the time therein provided for (including mutually agreed to extension periods) shall be deemed to constitute a granting of the grievance by the Employer. Waiver by the Union or by an employee as hereinbefore provided for, due to failure to process the grievance within the time periods established, or automatic granting of a grievance by the Employer due to its failure to render a decision within the prescribed time limits, shall not constitute a binding precedent upon either party on the merits of the particular grievance, in the event of a later recurrence of any situation which gives rise to the grievance so waived or automatically granted.

(D) If this Agreement is violated by the occurrence of a strike, work stoppage or interruption or impeding of work, no grievance shall be discussed or processed while such violation continues.

ARTICLE XV - JURY DUTY ALLOWANCE

Any employee who has completed thirty (30) days of employment with the Employer who is required to perform jury duty will be entitled to reimbursement at the straight time hourly rate of his regular job for the hours necessarily lost as a result of serving on the jury, provided, however, that such reimbursement shall not exceed eight (8) hours per day or forty (40) hours per week, less pay received for jury duty. For the purpose of this Article time spent in court in response to a summons for jury duty shall be considered as a service on a jury. The employee will be required to furnish a signed statement from a responsible officer of the court as proof of jury service and jury duty pay received.

Hours paid for jury duty will be counted as hours worked for the purpose of computing vacation and holiday pay but will not be counted as hours worked for the purpose of computing overtime.

ARTICLE XVI - FUNERAL LEAVE

In the event of a death in the immediate family of an employee who has completed thirty (30) days employment, he shall, upon request, be granted such time off with pay as is necessary to make arrangements for the funeral and attend same, not to exceed three (3) regularly scheduled working days. This provision does not apply if the death occurs during the employee's paid vacation, or while the employee is

on leave of absence, layoff, or sick leave, and does not apply to death resulting from earthquake.

For the purpose of this provision, the immediate family shall be restricted to father, stepfather, mother, stepmother, brother, stepson, sister, stepdaughter, spouse, child, mother-in-law and father-in-law. At the request of the Employer, the employee shall furnish a death certificate and proof of relationship.

Funeral leave applies only in instances in which the employee attends the funeral, or is required to make funeral arrangements, but is not applicable for other purposes such as settling the estate of the deceased.

ARTICLE XVII - STRIKES AND LOCKOUTS

There shall be no strikes, lockouts or any interruption or cessation of work by either party on account of any labor dispute or matter arising under this Agreement. No picketlines shall be established by the Union, nor shall any picketlines established by others be respected. Should any differences arise between the Employer and the Union as to the meaning or application of the provisions of this Agreement, the same shall be disposed of in accordance with the provisions of Article XIV of this Agreement.

ARTICLE XVIII - MANAGEMENT

The management of the works and plant and the direction of the working forces, including the right to hire, suspend, or discharge for proper cause, or transfer, and the right to relieve employees from duty because of lack of work, or for other legitimate reasons, is vested exclusively in the Employer, provided that this will not be used for purposes of discrimination against any employee for Union activity.

ARTICLE XIX - SAVINGS CLAUSE

Should any of the terms and conditions of this Agreement be invalid under applicable Federal or State laws, the remaining terms and conditions shall continue in full force and effect.

ARTICLE XX - DURATION OF AGREEMENT

Except as otherwise specifically provided, this Agreement is effective as of September 1, 1977, and shall remain in effect until September 1, 1980, and from year to year thereafter unless written notice of a desire to terminate or amend this Agreement is given sixty (60) days prior to September 1, 1980, or any such yearly expiration date by either of the parties to this Agreement. Such written notice as aforesaid shall indicate the nature of the changes and amendments proposed, and negotiations regarding the same shall commence within thirty (30) days after delivery of such notice. In the event negotiations fail to arrive at agreed changes prior to the termination date of this Agreement, the same shall continue in effect without revision until changes can be agreed upon, but in no event beyond sixty (60) days after the termination date of this Agreement, except by mutual consent of the parties.

Handwritten signature and initials: "m l, 991" and "luw" with a large circular flourish.

ARTICLE XXI - TRANSFER OF COMPANY TITLE OR INTEREST

This agreement shall be binding upon the parties hereto, their Successors, Administrators, Executors and Assigns. The Company shall give notice of the existence of this agreement to any such successor, and request their assumption of the agreement and the retention of employees. A copy of such notice shall be provided to the Union at the time of the transaction. Should the successor through exercise of their separate legal rights decline to offer employment to any or all employees covered by this agreement, then the Company agrees to discuss with the Union the effect of such action on the concerned employees. Further, the Company agrees to bargain collectively with the Union with regard to employees not offered continued employment as though such employees were being terminated due to a plant closing.

The cost-of-living allowance shall become a fixed part of the base rates for any classification.

TERMS AND CONDITIONS OF SALE

In the event Buyer's purchase order states terms additional to or different from these Terms and Conditions of Sale then Seller's acknowledgment in accordance with the terms hereof shall be deemed a notification of objection to such additional and/or different terms, or in the event such purchase order expressly limits acceptance to its terms the Seller's acknowledgment in accordance with the terms hereof shall be deemed a rejection of Buyer's offer to purchase, and in either event Seller's acknowledgment of such purchase order shall constitute an acceptance of the purchase order on its terms and without modification, addition or exception. THE FAILURE OF BUYER TO DELIVER NOTIFICATION OF OBJECTION TO THESE TERMS AND CONDITIONS OF SALE WITHIN A REASONABLE TIME SHALL BE DEEMED AN ACCEPTANCE THEREOF AND A CONTRACT SHALL BE FORMED ONLY UPON SUCH TERMS AND CONDITIONS OF SALE.

1. PRICE:

The prices of Seller's products are subject to adjustment, without prior notice, to the Seller's prices in effect at the time of each shipment. Said prices do not include sales, excise or other taxes payable on account of this transaction and all taxes now in effect, and/or hereafter levied, which are applicable to this transaction and all increases therein, shall be added to the prices specified and shall be paid by the Purchaser.

2. TERMS OF PAYMENT

Cash discount, when applicable, will be stated on each individual invoice and will be allowed only if taken within the time stated thereon, and provided there are no past due items. Otherwise the net amount of invoices will be payable by the Purchaser on or before the last day of the month in which a cash discount would have been allowed as stated on the face of the invoice. Overdue invoices shall bear interest at the rate of nine percent (9%) PER ANNUM or the maximum rate of interest permitted by law, whichever is less. Purchaser's payments on overdue invoices shall be applied first against accrued interest. Purchaser agrees to pay all of Seller's costs of collection hereunder including reasonable attorneys' fees.

3. CREDIT:

All orders are subject to approval and acceptance by the General Sales Office of the Seller. Seller reserves the right to reject any orders, as well as the right to select its own customers. If, at any time, Seller deems the financial responsibility of the Purchaser unsatisfactory, it reserves the right to require payment in advance, or other security or guarantee that invoices will be promptly paid when due. If Purchaser fails to comply with the terms of payment or with any other terms of sale, Seller shall have the right to withhold further deliveries or to cancel the unfilled portion of any order, and all unpaid accounts shall thereupon become due and payable, without prejudice to any claims for damages Seller may be entitled to make.

4. DELIVERY AND SHIPMENT:

A. All risk of loss, damage and other incidents of title and ownership shall pass to Purchaser upon delivery to carrier at Seller's shipping point and such delivery shall constitute delivery to Purchaser. In order to secure Purchaser's performance until payment in full is received, Seller retains, in the right at any time to identify the products to the contract, (i) the right to divert or stop in transit, (ii) the right to resell, and (iii) a "purchase money security interest," as defined in Cal. Commercial Code §9107, in the products described herein and the proceeds or products thereof. Information concerning said security interest may be obtained from Seller at "300 Lakeside Drive, Oakland, California, Attention: Credit Manager."

B. Weights of shipments will be the minimum weights established by Seller, subject only to minimum weights required under government regulations or as published or established in applicable freight tariffs. Shipment shall be made either freight charges collect or prepaid at Seller's option. In the event shipment is made collect, any allowances for freight or applicable rates which has been included in the price will be made on Seller's invoice. Switching charges, stopover charges, demurrage, private spur rentals and any other such costs will be for the account of and paid by Purchaser. Seller reserves the right to specify the mode of transportation and routing of all shipments and to designate the plant from which shipment is to be made. Where Seller agrees to Purchaser's request for any special mode of transportation or routing of shipments, any excess charges resulting therefrom shall be for the Purchaser's account. Except where otherwise specified herein, weights of shipments shall be determined by reference to carrier's receipt for such shipment at Seller's shipping point.

5. GENERAL LIABILITY

Every effort will be made to make delivery as promptly as possible but delivery dates or time of arrival of shipments at destination will not be guaranteed by Seller. In no event shall Seller be liable for failure or delay in performance or delivery when such failure or delay result from or in connection with strikes, boycotts or other labor troubles of any kind, Seller's participation at the request or urging of any government or governmental corporation, agency or bureau in any plan, policy or program of general public interest respecting priorities, allocations, limitations or other restraints which affect manufacture or delivery hereunder; or any other cause or occurrence beyond Seller's control, including but not limited to, riots, insurrections, revolutions, wars (declared or undeclared), acts of the public enemy, fires, inclement weather, floods, windstorms, tornadoes, cyclones, tidal waves, lightning, earthquakes, or other acts of God, explosions, sabotage, landslides, embargoes, quarantine restrictions, damage, destruction or breakdowns of any kind of Seller's equipment or facilities necessary for performance hereunder; arising from any cause whatsoever; delays or failures of usual sources of supply of materials, equipment or transportation, shortage of transportation facilities or equipment, shortage of labor, fuel or other materials; any present or future laws, orders, regulations, directives or policies enacted, adopted, instituted or sponsored by any government or governmental corporation, agency or bureau effecting mandatory restrictions, limitations, priorities, allocations, allocations, priorities or substitutions which delay, restrict or prevent performance hereunder; or any other cause or occurrence beyond Seller's control delaying, restricting or preventing Seller's performance hereunder, whether or not like or similar to the causes or occurrences specifically enumerated above.

6. WARRANTY.

A. Seller expressly warrants only and that the products sold by it hereunder are true from a fact in nature at the time of shipment. EXCEPT FOR SUCH EXPRESS WARRANTIES, SELLER MAKES NO WARRANTY OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND OTHER WARRANTIES OF WHATEVER KIND, ARE HEREBY DISCLAIMED BY SELLER AND EXCLUDED.

Seller shall have the right in its sole option to replace or repair any defective products to refund the purchase price or to grant a reasonable allowance on account of such defects and, in any event, Seller's liability for defective products shall be limited to the extent expressly hereinafter provided in Paragraph 6A hereof.

B. SELLER ASSUMES NO LIABILITY FOR ANY FAILURE OF PURCHASER'S SPECIFICATIONS TO MEET PURCHASER'S REQUIREMENTS.

7. INSPECTION:

Purchaser shall inspect Seller's products before commencing installation, and if, for any reason, Seller's products are regarded as unsatisfactory, Purchaser shall notify Seller before installation is commenced. Seller shall not be liable for any claims made after the commencement of installation.

8. CLAIMS:

A. Any claims or exceptions by Purchaser for defective products must be made in writing within 30 days after Purchaser's receipt of shipment and in all events before installation is commenced and Purchaser shall give Seller an opportunity to rectify. SELLER IS FURNISHING BASIC PRODUCTS AT STANDARD PRICES AND IS NOT INSURING PURCHASER AGAINST POSSIBLE CONSEQUENCES OF ERROR, OMISSION OR NEGLECT IN PRODUCTION OR DELIVERY. EXCEPT FOR BREACH OF THE EXPRESS WARRANTIES SPECIFIED IN PARAGRAPH 6A ABOVE, SELLER SHALL NOT, UNDER ANY CIRCUMSTANCES, BE LIABLE ON ACCOUNT OF ANY IMPERFECTION, DEVIATION FROM SPECIFICATIONS OR OTHER DEFECT IMPAIRING THE QUALITY, VALUE, OR SUITABILITY FOR ANY PURPOSE, OF ANY PRODUCT SOLD HEREUNDER, WHETHER CAUSED BY SELLER'S NEGLIGENCE OR OTHERWISE. IN NO EVENT SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR CONTINGENT DAMAGES, OR ANY OTHER CLAIM OR DEMAND WHATSOEVER, EXCEPT TO THE EXTENT OF THE PURCHASE PRICE OF THE PRODUCT, THE REFUND OF WHICH SHALL BE PURCHASER'S SOLE AND EXCLUSIVE REMEDY HEREUNDER. PURCHASER ASSUMES ALL RISK OF LOSS, DAMAGE OR DELAY INCIDENT TO THE FURNISHING OF ANY PRODUCT BY SELLER HEREUNDER, OR THE UTILIZATION THEREOF, EXCEPT TO THE EXTENT EXPRESSLY ABOVE PROVIDED.

B. To claim an allowance for transportation overcharges on Seller's invoice, the original paid freight bill shall be attached to Purchaser's remittance.

C. Seller shall have no responsibility to make any claim for loss, damage or injury to shipment caused by the carrier or others after delivery to carrier at Seller's shipping point. Any claim by Purchaser against Seller for shortage or damage occurring prior to such delivery must be made within five days after receipt of shipment and accompanied by original transportation bill signed by carrier noting that carrier received material from Seller in the condition claimed.

9. SPECIAL OR NONSTOCK MATERIALS

In the case of special or nonstock materials, Purchaser's cancellation will not be accepted with respect to finished items and items within 10 days of completion, and on other items in the process of manufacture, the cancellation charge shall be the percentage of completion as applied to the purchase price. Where unprocessed material only is involved, the cancellation charge shall be the cost of the material plus 10%.

10. MISCELLANEOUS CONDITIONS.

A. The waiver by Seller of any term, provision or condition herein stated shall not be construed to be a waiver of any other term, condition or provision hereof, nor shall such waiver be deemed a waiver of a subsequent breach of the same term, condition, or provision nor shall it be deemed a waiver of any conditions in any subsequent order.

B. Purchaser may not cancel or modify any order or request the privilege of making any changes in specification except in writing and with the express consent of Seller and subject to such conditions as will save Seller harmless from any loss by reason thereof. This acknowledgment constitutes the sole and entire agreement between Purchaser and Seller and none of the terms and conditions contained herein may be added to, deleted, modified or altered except by a written instrument signed by Seller. There are no oral understandings, representations or agreements relative to this acknowledgment which are not fully expressed herein.

C. The laws of the State of California shall govern the validity, interpretation and enforcement hereof.

WHEREAS, Seller currently owns all interest in COMPANIA OCCIDENTAL MEXICANA, S.A., a Mexican corporation (hereinafter referred to as "C.O.M.S.A.") which operates under a concession from the Republic of Mexico certain gypsum deposits on the Island of San Marcos, Territory of Baja California, Republic of Mexico (hereinafter referred to as "San Marcos Island") and is in the business of mining and selling gypsum rock from such deposits; and

NOW, THEREFORE, it is agreed as follows:

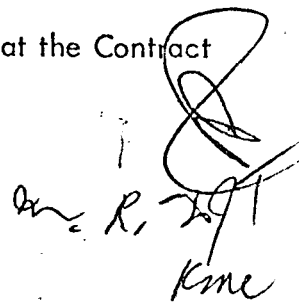

2. Specifications. All the gypsum rock to be sold by Seller and purchased by Buyer under this Agreement shall be crude gypsum rock at least equal in quality in every respect to the crude gypsum rock supplied by Seller to its own plants on the western seaboard of the United States, and shall be of a minimum of ninety-two per cent (92%) purity on a dry basis and crushed so as to pass through a ring five (5) inches in diameter.

Buyer

J. T. Lane

shall have the right to reject any shipment which does not conform to specifications. At Buyer's option, without prejudice to any other remedies, if the average gypsum content in two (2) consecutive shipments of gypsum rock hereunder shall be lower than ninety-two per cent (92%), Buyer shall be entitled to a reduction in the price thereof, directly proportionate to the average percentage by which the gypsum rock is lower in gypsum content than ninety-two per cent (92%) for the said two (2) consecutive shipments. Determination of gypsum content in the gypsum rock shall be made by standard American Society of Testing Materials methods. Buyer shall have access to Seller's daily production records showing purity.

The parties acknowledge that Seller is furnishing a basic raw material subject only to the above specifications in this Section, and is not insuring Buyer of such material's fitness for any particular purpose or for possible consequences of error, omission or neglect by Buyer in production or delivery of furnished goods from such raw material. Except that such rock shall conform to specifications herein, Seller expressly disclaims any and all warranties of merchantability, fitness for a particular purpose and any other warranties of any kind whatsoever, express or implied. In any event, Seller's maximum responsibility for defective rock supplied hereunder shall be limited to replacement or refund of the purchase price therefor, and in no event shall Seller be liable for any consequential damages.

3. Quantity. Seller shall sell and deliver, and Buyer shall (a) purchase and accept (or pay for) a minimum of one hundred thousand (100,000) tons, and (b) at Buyer's option, purchase (and if so, accept and pay for) up to a maximum of one hundred fifty thousand (150,000) tons (a "ton" defined herein as being a short ton of 2,000 pounds avoirdupois) of gypsum rock hereunder on the terms and conditions otherwise herein set forth, each calendar year during the term of this Agreement (or a lesser pro rata amount if for a partial calendar year), at the Contract Price specified in Section 5 of this Agreement.

R. J. Kme

Quantities of gypsum rock shall be determined by ship-draft weights, which shall be acknowledged in writing by the Master or the First Mate of the vessel making delivery. The tonnage of each delivery shall be evidenced by Seller's Ocean Bill of Lading issued at the loading point. Such tonnage shall be subject to verification by Buyer at point of delivery.

4. Delivery. Deliveries of gypsum rock shall be made by Seller, via the "M/V PACIFIC CARRIER" or other appropriate self-unloading marine equipment, at the end of the ship's boom conveyor at the dock facilities adjacent to Buyer's Seattle Plant. Seller (with vessel crew) shall conduct all unloading operations to such point of delivery. All risk of loss, damage or destruction respecting the gypsum rock so delivered shall pass to Buyer at the end of the ship's boom conveyor. Buyer shall furnish the necessary men to take and let go lines during docking, unloading and departure of the vessels delivering such gypsum rock, so that Seller shall have no responsibility to or for stevedores or longshoremen.

A. Buyer shall, prior to the commencement of each calendar quarter during the term hereof, furnish to Seller a schedule of estimated delivery date requirements, and Seller shall employ its best efforts to meet such schedule. Buyer shall endeavor to schedule full ship load quantities (to be approximately 20,000 - 24,000 tons of rock), except as Seller reasonably may request so as to accommodate Seller's other customers in the Puget Sound area (in which case Buyer shall use its best efforts to schedule partial ship loads). Deliveries of gypsum rock to Buyer hereunder shall be spaced at such intervals during the calendar year as Buyer shall reasonably request. Seller shall notify Buyer in writing of the estimated date of arrival of vessels at least ten (10) days in advance of such estimated arrival date, specifying the name and general specifications of each vessel and the quantity of gypsum rock which will be delivered to Buyer in each vessel.

Buyer shall be prepared to accept delivery of such gypsum rock upon arrival of the vessels specified in such notice, unless Buyer notifies Seller in writing, within forty-eight (48) hours of receipt of such notice, that it is unable to accept such delivery and further specifies on which other dates (to be as close as possible to the delivery time originally requested by Seller) Buyer can accept delivery from Seller's vessels. Seller shall then advise Buyer promptly as to whether such dates are acceptable to it.

If Buyer fails to notify Seller of its inability to accept delivery within the time specified above, Buyer shall bear the liability for demurrage and other expenses which may arise as a direct result of delays occasioned by Buyer's failure to accept delivery on the arrival of the vessel.

B. Unless timely notice to the contrary was given to Seller as provided in Section A above, the shoreside facilities at Buyer's Seattle Plant shall, upon arrival of the vessel, be clear of barges, other vessels and obstructions and ready in all respects to receive delivery of the gypsum rock. Such facilities shall be safe in all respects with sufficient depth of water at all times and stages of water and tide to accommodate the delivery vessel safely, loaded with a cargo of gypsum rock as provided herein. The vessel as so loaded shall be able to proceed to such shoreside facilities unobstructed, remain thereat and depart therefrom unobstructed and always safely afloat. Seller's vessels shall diligently proceed to dock, unload and depart from such shoreside facilities. Such facilities shall be capable of taking delivery of gypsum rock at an average rate of eight hundred (800) tons per hour, Saturdays, Sundays, and holidays included.

C. The rock is to be received by Buyer at its own risk and expense.

Upon arrival of Seller's vessel at the unloading dock, the Master shall give Buyer notice of readiness to commence unloading, which notice may be given any hour, day or night, whether in berth or not, whether in Free Pratique or not. Lay time shall commence

two (2) hours after notice has been tendered and vessel is ready to unload, whether in berth or not, whether in Free Pratique or not. If, however, unloading dock is unavailable or inaccessible on the vessel's arrival at or off the dock, time shall commence to count on the vessel's anchoring in or off the dock.

D. Buyer shall pay demurrage at the initial rate of U.S. \$6,000.00 per day or pro rata for any part of a day, payable day by day for demurrage beyond thirty-six (36) hours lay time for full ship load (and proportionate shorter time for partial loads). Such demurrage rate shall be escalated in proportion to cost increases on transportation under Clause 5C(2) hereof. If unloading is delayed because of breakdown of vessel's equipment, such time is to be added to total lay time.

E. The dock and conveyor facilities which are to be used for delivery of the rock hereunder actually are on and/or extend from land owned by Seller's parent corporation, Kaiser Cement & Gypsum Corporation, a California corporation (hereinafter "KCGC"). As a part of this transaction, KCGC is to grant Buyer an easement to use such dock and to maintain at its expense such conveyor facilities for accepting delivery of rock hereunder. Should for any reason such easement be or become unfeasible, the parties shall make mutually satisfactory alternative arrangements to accomplish delivery of rock to Buyer's Seattle Plant via KCGC's dock and the existing conveyor facilities, with appropriate adjustment for any increased costs to Seller or KCGC as a result.

5. Contract Price.

A. The Contract Price for gypsum rock delivered to Buyer's Seattle Plant hereunder shall consist of:

(1) The agreed rock and transportation "formula elements" as set forth in Section B;

Handwritten signature and initials, possibly "K. H." and "PME", in black ink.

(2) Which formula elements shall be adjusted respectively for cumulative increases or decreases in the "escalation elements" set forth in Section C; and

(3) Which total of such adjusted "formula elements" shall then be divided by 0.65.

The initial Contract Price as so determined for the period from January 1 to March 30, 1978 is Fifteen Dollars (\$15.00) per ton.

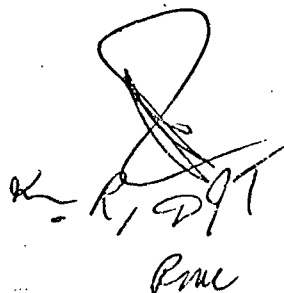

B. The above formula is based on a mutually agreed initial market price of Fifteen Dollars (\$15.00) per ton (applicable October 1 - December 31, 1977), given the approximate equalized rock and transportation costs to Seller's West Coast plants as of October, 1977, and an acceptable profit margin to Seller (not including subsidiaries or affiliates) or approximately thirty-five per cent (35%).

Upon such understanding, the agreed "formula elements" for escalation of such Contract Price are:

Rock base formula element	\$2.25/ton
---------------------------	------------

Transportation base formula element	\$7.50/ton
-------------------------------------	------------

The increases or decreases in escalation elements in Section C are to be applied to these given formula elements for rock and transportation, respectively, and then the total of such adjusted formula elements shall be divided by 0.65, so as to give a new Contract Price. For example, if averaged for the last calendar quarter of 1978 the escalation cost elements for rock have increased by twenty-five cents (\$.25) per ton and the M/V PACIFIC CARRIER's costs have increased by fifty cents (\$.50) per ton, the new Contract

Handwritten signature and initials, possibly "R. D. T." and "RMC".

Price for the first quarter of 1979 would be determined as follows:

Rock:	\$2.25 formula element	
	+ <u>.25</u> escalation element increment	\$ 2.50
Transportation:	\$7.50 formula element	
	+ <u>.50</u> escalation element increment	<u>8.00</u>
Subtotal:		\$10.50
÷ 0.65 =	new Contract Price:	<u>\$16.15</u>

C. The respective agreed formula elements in Section A shall be adjusted for actual cumulative increases or decreases in the following "escalation elements":

(1) The rock formula element shall be increased or decreased five cents (\$.05) per ton for each respective \$.05 per ton increase or decrease in the combined total costs of the following costs of producing gypsum rock at San Marcos Island:

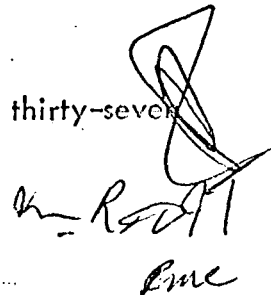

(a) Costs of labor, which shall include salaries, fringe benefits, bonuses, profit-sharing and all other payments required by contract or by law, above or below fifty-four cents (\$.54) per ton;

(b) Costs of explosives and/or blasting agents, above or below thirteen cents (\$.13) per ton;

(c) Costs of fuel oil and lubricants, above or below eight cents (\$.08) per ton; and

(d) Costs of all applicable taxes, including housing tax (other than income taxes), surface rentals, fees and inspections, assessments, and other payments required by law or decree, above or below sixteen cents (\$.16) per ton.

(e) Costs of parts, materials and supplies above or below thirty-seven cents (\$.37) per ton.

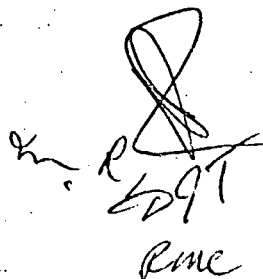

Handwritten signature and initials, possibly "R. Roth" and "Pine", with a large stylized flourish above them.

(2) The transportation formula element shall be increased or decreased one cent (1¢) per ton for each respective increase or decrease in the following costs of transporting gypsum rock from San Marcos Island to Buyer's Seattle Plant:

(a) For each Three Hundred Seventy-Six Dollars (\$376) per month increase or decrease in the average monthly total labor costs applicable to labor employed on the M/V PACIFIC CARRIER delivering the gypsum rock to Buyer's Seattle Plant for the preceding calendar year (excluding any month during which the vessel had idle time), above or below Thirty-Three Thousand Five Hundred Thirty-One Dollars (\$33,531) per month;

(b) For each Four Thousand Five Hundred Fifteen Dollars (\$4,515) annual or annualized increase in the insurance cost except the cost of war risk insurance for the M/V PACIFIC CARRIER transporting the gypsum rock, while in operation, above Two Hundred Thousand Eight Hundred Sixty Dollars (\$200,860) per year with deductibles of Fifty Thousand Dollars (\$50,000) hull and machinery and Fifty Thousand Dollars (\$50,000) P & I/occurrence;

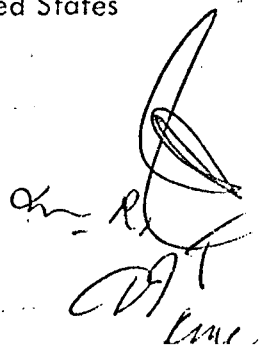

Provided, however, in case of an increase or decrease in policy deductible amounts, resulting noninsured losses (or increased insured gains) will be added to (or subtracted from) the insurance cost hereunder to the extent such losses (or net additional recovery) respectively, fall between the present base policy deductible amounts; and provided further, there shall be passed on to Buyer under this formula only the costs of commercially reasonable amounts of insurance; and

Rme

(c) For each six and five tenths cents (6.5¢) increase in the "price per barrel of fuel oil" used in the operation of the vessels transporting the gypsum rock, above or below Eleven and 70/100 Dollars (\$11.70) per barrel for 1500 "Light Marine Fuel Oil (LMFO)" San Francisco Bay. The price per barrel of fuel oil shall be deemed to be the actual average cost of fuel oil used by the ships which transport gypsum rock.

Any cost adjustment in Subsection (2) of this Section C shall be further adjusted by adding to such adjustment amount the then applicable rate of Mexican Freight Tax (currently 2.2%) imposed by any governmental agency of the Republic of Mexico in effect at the date of adjustment. (The gypsum rock cost figures in Subsection (1) above already include the present Mexican Freight Tax rate of 2.2%).

D. The rock and transportation formula elements shall be adjusted annually at the end of each calendar year during the term hereof, based on an average of cost increases for the preceding calendar quarter, and the Contract Price determined therefrom will become effective for the following calendar year, except for the fuel element, which shall be adjusted for cost changes each calendar quarter. Seller shall notify Buyer promptly within thirty (30) days after the end of each year (and quarterly as to fuel) of the price adjustments applicable for the next period. Labor or other costs which are paid in Mexican Pesos shall first be converted to United States Dollars at the median between buying and selling rates of exchange prevailing at the end of the relevant calendar period and the amount of increase or decrease in said costs for the above price adjustment shall be computed on the basis of said costs as converted in United States Dollars.

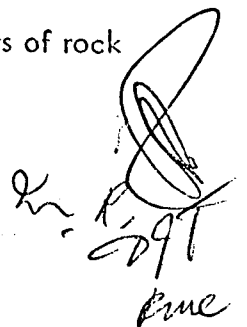

Handwritten signature and initials, possibly "R. J. Lme.", in the bottom right corner of the page.

All components of such formula shall be determined in accordance with generally accepted accounting principles. For purposes of this Paragraph 5, the Seller at its sole expense annually shall employ the firm of independent certified public accountants as are employed by Seller for its general accounting and audit purposes to examine the records of Seller for the purpose of determining that the price adjustments computed by the Seller during the preceding year were made in accordance with the terms of this Agreement and to render an opinion with regard thereto to both Buyer and Seller.

E. The cost escalation elements included in Section C above are based on Seller's subsidiary's current wholly-owned operation of C.O.M.S.A. and mining of rock from San Marcos Island; and Seller's subsidiary's current operation of the "M/V PACIFIC CARRIER" to transport the gypsum rock to Seattle.

(1) In the event that any vessel other than the M/V PACIFIC CARRIER is used to deliver rock to Buyer (as well as Seller's other West Coast plants) because of the temporary unavailability (including required surveys and drydocking) of the M/V PACIFIC CARRIER (or other vessel hereafter substituted for it), Buyer shall pay (in addition to the Contract Price) the additional out-of-pocket costs to Seller for delivery of rock to Buyer by such alternate means, which shall be proportionately equal to the additional costs to Seller's West Coast plants similarly affected.

(2) In the event that (a) Seller's interest in C.O.M.S.A. is reduced to less than majority control, and/or (b) the M/V PACIFIC CARRIER is replaced by either another vessel, or by contracted vessel services through charter or contract of affreightment, and/or sold and chartered back, the initial new costs of rock

Handwritten signature and initials, possibly "L. 1991" and "PME".

and/or transportation to Seattle as may be applicable (which shall be equitably consistent with Seller's cost of rock supplied to its own West Coast plants) shall be substituted for the above respective rock and/or transportation "escalation elements" (so as to be applied back to the formula elements as further increases or decreases in the respective new (i.e., substituted) cost escalation elements occur). In other words, no Contract Price adjustment shall be made by virtue of such changeover, but subsequent adjustments shall be made by applying the actual amount of increases or decreases in actual costs thereafter over and above the initial substituted cost escalation elements, and applying the amount of such increase or decrease to the previous (adjusted) formula elements. For example, assume that in January, 1979, when the Contract Price is \$16.15 (based on an adjusted rock formula element of \$2.50 and an adjusted transportation formula element of \$8.00) the M/V PACIFIC CARRIER is sold and chartered back, and the new contract of affreightment provides for an initial transportation cost of \$8.50 per ton, which increases in December, 1979 to \$9.00 per ton:

(a) No Contract Price increase would be made in January, 1979 (but the \$8.50 C.O.A. transportation rate would become the new transportation cost escalation element base, against which subsequent actual transportation cost increases would be measured, so as to be added to the prior \$8.00 transportation formula element so as to determine a new Contract Price);

(b) In January, 1979, the Contract Price would be increased to \$16.92, determined in the following manner:

m R
DT
Rme

Rock formula element (prior adjusted)		\$ 2.50
Transportation formula element (prior adjusted)		\$8.00
C.O.A. cost 12/31/79	\$9.00	
less C.O.A. cost base at 1/1/79	-8.50	
		<u>.50</u>
Sub-total		<u>8.50</u>
Total Costs		\$11.00
÷ by 0.65 =	Contract Price:	<u>\$16.92</u>

(3) In the event that the M/V PACIFIC CARRIER (or a suitable vessel which is hereafter substituted in its place) is permanently replaced by a contract of affreightment or any other arrangement because of damage, loss, destruction, major repairs or other "force majeure" reasons, then notwithstanding any other provisions of this contract, the amount by which the substituted actual transportation cost per ton paid by Seller for rock supplied to Seattle hereunder (which rate shall be equitably consistent with the actual rock transportation costs to Seller's other West Coast plants on a similar basis) exceeds, or is less than, the prior cumulative adjusted transportation "escalation elements", shall be applied to (i.e., added or subtracted respectively) the prior adjusted transportation "formula element" (as shall further increases or decreases in such actual costs be applied in accordance with regular formula adjustments) so as then to determine a new Contract Price, effective immediately.

6. Payment. Seller shall invoice Buyer for each shipment of gypsum rock sold and delivered hereunder as soon as practical after each delivery has been made. Payment of such invoices shall be made by Buyer within thirty (30) days from the date of receipt.

Handwritten signature and initials, possibly "R. H. King", in the bottom right corner.

7. Duration. This Agreement shall continue in effect for a term of nine (9) years commencing from the date hereof and ending April 30, 1986; subject only to termination as as hereinafter set forth; provided, however, that if Seller is able to extend its mining concession from San Marcos Island beyond 1986, either party shall have the right to extend the term of this Agreement up to an additional six (6) years, or for the extended term of such concession, whichever is shorter.

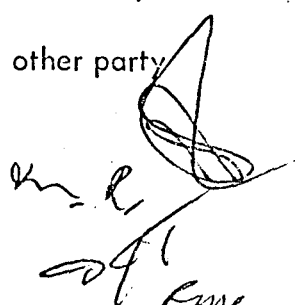

8. Termination.

A. In addition to its other remedies at law or equity, either party may terminate this Agreement, as permitted as follows:

(1) By sixty (60) days' written notice to the other party if an event of "force majeure" (as defined in Clause 9) has caused a suspension of performance of this Agreement by the other party for a continuous period of one hundred eighty (180) days and such force majeure condition has not been corrected or eliminated under the requirements of Section 9 below and exists at the time the notice is given.

(2) By immediate written notice to the other party, if a material breach has occurred by the other party and such breach has continued without correction for a period of thirty (30) days after receipt of written notice thereof from the terminating party, unless such breach is for other than the payment of money, and such breach can be cured within an additional sixty (60) days, and such defaulting party proceeds diligently to cure the same.

(3) By immediate written notice to the other party upon the insolvency, receivership or bankruptcy of the other party or an assignment by the other party

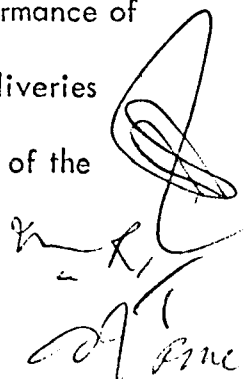

Handwritten signature and initials, possibly "K. L." and "Rme", with a large circular flourish.

for the benefit of its creditors, or the filing of a petition by or against the other party under the provisions of the Bankruptcy Act as now in force or hereinafter amended or under any similar act for the relief of debtors; provided that in the case of an involuntary petition against a party, such is not dismissed within thirty (30) days.

B. Seller may terminate this Agreement at any time by sixty (60) days' written notice to Buyer in case Seller ceases to supply gypsum rock from San Marcos Island to the gypsum wallboard manufacturing plants at Long Beach and Antioch, California which Seller currently owns.

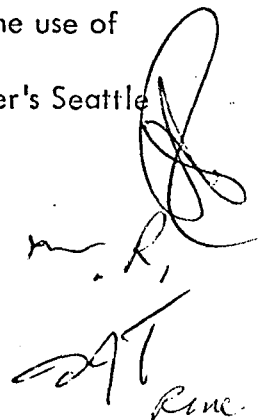

C. Buyer may terminate this Agreement at any time by sixty (60) days' written notice to Seller in case the Seattle Plant permanently ceases to operate (other than for "force majeure" reasons, and other than by sale or transfer of the plant, in which situations Clauses 9 and 10 hereof shall control), and Buyer does not anytime within two (2) years thereafter own or operate another gypsum wallboard manufacturing plant within the relevant Seattle market area.

9. Force Majeure. If because of "force majeure" as herein defined either party fails in whole or in substantial part to make or to take deliveries of gypsum rock when and as provided under this Agreement, then such obligation of that party to make or take delivery shall be temporarily suspended to the minimum extent made necessary by such force majeure. The party whose performance is affected by such force majeure shall give notice to the other party, as promptly as practicable, of the nature, probable duration, and the express cause of such suspension of its performance and shall use due diligence to resume full performance of its obligations hereunder at the earliest practicable date. Any deficiencies in deliveries hereunder caused by force majeure shall not be made up except by mutual consent of the parties.

Handwritten signature and initials, possibly "K.L." and "J.M.C.", in black ink.

During any period wherein Seller is unable to furnish gypsum rock hereunder or is delayed from furnishing the same, and for such reasonable period thereafter as the Buyer's interim purchase commitments may require, Buyer may purchase its requirements of gypsum rock elsewhere. A period of one (1) year shall be deemed a reasonable period hereunder. Further, upon the removal of the Seller's force majeure disability, Seller shall have the right to fill its own plants' reasonable requirements of gypsum rock before it shall be required again to furnish Buyer with gypsum rock or with additional rock hereunder.

The term "force majeure" as used herein shall mean any cause or causes beyond the control of the party whose performance is affected thereby, such as acts of God, civil or military authorities; acts of the public enemy; war or insurrections; tempest; flood; riots, strikes or other labor disturbances; compliance with regulations, orders or requests of any governmental authority, including voluntary or involuntary allocations or priorities arising out of any defense, war, or allocation activity; inability to secure vessels; inability of vessels safely to navigate, dock or load; shortage of fuel or other materials; damage, destruction, unforeseeable breakdowns or failure of any kind to or of Buyer's or Seller's plants, equipment or facilities necessary for performance hereof; failure of usual sources of supply; loss of vessels or damage, destruction, breakdowns or failure thereof; damages and accidents of the seas, rivers, machinery, boilers, steamship navigation and errors of navigation; or other cause or causes of a similar nature which are beyond the control of the party whose performance is affected thereby and wholly or in substantial part prevent the mining or delivering of the gypsum rock by Seller, the receiving or accepting of the gypsum rock by Buyer, the use of the gypsum rock in Buyer's Seattle Plant, or delivery of finished product from Buyer's Seattle Plant.

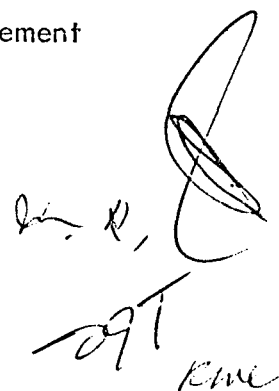

Handwritten signature and initials, possibly "M. R." and "AT", with the word "Rune" written below.

Interruption of deliveries because of "force majeure" shall not affect the remainder of this Agreement, nor extend its term, and upon removal of the cause of such interruption, delivery shall be resumed as soon as reasonably possible except as herein expressly provided.

10. Assignment. This Agreement shall not be assigned or transferred in whole or in part by action of the parties, operation of law, or otherwise, except as expressly provided in this clause, without the prior written consent of the other party, and any such purported assignment or transfer without such prior written consent shall be void and of no force or effect; provided, however:

A. That either party may assign and transfer this Agreement to any of its subsidiaries or affiliates or its parent company, without such consent, in which instance however, the party so assigning shall remain liable hereunder for full and faithful performance of this Agreement by such subsidiary, affiliate, or parent company, and

B. Seller may (and shall use its best efforts to do so if requested by Buyer and if Seller will not thereafter be able to provide the similar service to Buyer) assign by express written agreement all or part of its rights and obligations under this Agreement to any financially responsible purchaser, leasee or operator of its San Marcos Island facility and/or supplier or transportor of gypsum to various West Coast locations. In the event of such an assignment and if Seller retains no ownership or control over such facilities, the assignee shall then have such rights and such obligations of the Seller under this Agreement as are the subject of such assignment, and Seller shall have no further rights or obligations under this Agreement with respect to the rights and obligations thereby assigned.

Handwritten signatures and initials in the bottom right corner. There is a large, stylized signature that appears to be 'R. P.' or similar, and below it, the initials 'JGT' and 'RMC' are written.

C. Buyer may, and shall if requested by Seller, assign this entire Agreement to any financially responsible subsequent purchaser of the Seattle Plant, and shall require such purchaser expressly to assume all obligations of Buyer hereunder. In the event of such an assignment, the assignee shall then have such rights and such obligations of the Buyer under this Agreement, and if Buyer retains no ownership or control over such Plant and such assignee acquires all of such Plant, Buyer shall have no further rights or obligations under this Agreement.

Subject to the foregoing, this Agreement shall inure to the benefit of and be binding upon the successors and permitted assigns of each of the parties hereto.

11. Notices. All notices, letters, requests, demands and other communications hereunder shall be in writing and shall be deemed to be duly given if delivered in person and receipted for, or if deposited into the United States mail (first class, registered or certified with return receipt requested and with all postage prepaid), or if otherwise actually delivered and receipted for:

12. Waiver. The waiver by either party of any term, provision or condition herein stated shall be effective only if in writing, and signed by such party, and shall not be construed to be a waiver of any other term, condition or provision hereof, nor a waiver of a subsequent breach of the same term, and condition or provision.

13. Miscellaneous.

A. This Agreement contains the entire understanding of the parties hereto respecting the subject matter hereof, and supersedes all prior negotiations, agreements and understandings, whether written or oral, with respect to the matters herein contained. No understandings, representations or warranties of any kind, express or implied, and no local general or trade customs not expressly stated herein shall in any way alter or vary the terms hereof or be binding on the parties in the interpretation or fulfillment hereof unless reduced to writing and signed by each of the parties hereto.

B. The paragraph and subparagraph headings contained in this Agreement are for reference purposes only and shall not affect in any way the meanings of or interpretation hereof.

14. Severability. If any term or provision of this Agreement or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

15. Governing Law. This Agreement shall be governed, construed and interpreted pursuant to the laws of the State of California.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective officers thereunto duly authorized and their respective seals to be hereunto affixed, the day and year first above written.

GYPSUM BOARD PAPER SUPPLY CONTRACT
(Seattle)

THIS AGREEMENT made this _____ day of February, 1978, is between KAISER GYPSUM COMPANY, INC., a Washington corporation (hereinafter referred to as "Seller"), and NORWEST GYPSUM, INC., a Washington corporation (hereinafter referred to as "Buyer").

WHEREAS, Seller owns and operates a paper manufacturing plant facility located at San Leandro, California (hereinafter its "San Leandro Plant") which produces (1) Manila Wallboard (Face) Paper, (2) Gray Wallboard (Back) Paper, (3) Green Moisture Guard (Face) Paper, and (4) Black Sheathing Paper (Face and Back), which types of paper are suitable for use in the manufacture of gypsum board products, all of which papers are hereinafter collectively sometimes referred to as "Gypsum Board Paper";

WHEREAS, Buyer owns a gypsum board manufacturing plant located at Seattle, Washington (hereinafter the "Seattle Plant");

WHEREAS, Buyer desires from Seller, and Seller is willing to insure to Buyer, a long-term source of supply of Gypsum Board Paper for use in Buyer's Seattle Plant;

NOW, THEREFORE, it is agreed as follows:

1. Purchase and Sale. Seller hereby agrees to manufacture, sell and deliver to Buyer, and Buyer hereby agrees to order, accept, and pay for, Gypsum Board Paper of the type and quality and in the quantities and at the prices and on the terms and conditions hereinafter set forth.

2. Specifications. Each type of Gypsum Board Paper to be sold by Seller and purchased by Buyer under this Agreement shall conform to the general specifications and to the respective particular specifications set forth on Schedule A attached hereto and made a part hereof. In addition, each such type of Gypsum Board Paper shall be at least equal in quality in every respect to the same respective type of gypsum board paper supplied by Seller to its own gypsum board manufacturing plants on the western seaboard of the United States.

The Gypsum Board Paper to be delivered may, at Buyer's option, be sampled by Buyer at the delivery point to check compliance with specifications. Whether or not so sampled, Buyer shall have the reasonable right to reject any shipment which does not conform to specifications. Determination of quality shall be made by standard American Society of Testing Materials methods. Each grade of Gypsum Board Paper shall be trimmed according to the sizes of width and diameter of rolls requested in writing by Buyer.

3. Quantity. The quantity of all types of Paper to be sold by Seller and purchased and taken (or paid for) by Buyer hereunder shall be six thousand five hundred (6,500) tons (a "ton" defined herein as being a short ton of 2,000 pounds), each calendar year during the term of this Agreement (or a lesser pro rata amount if for a partial calendar year).

4. Delivery. All deliveries of Gypsum Board Paper hereunder shall be made to Buyer F.O.B. Seller's San Leandro Plant, loaded on trucks or on rail cars (of the type reasonably requested by Buyer as may be available) as Buyer may from time to time direct in its orders. Seller shall conduct all loading operations onto such carriers.

Buyer shall, prior to the commencement of each calendar quarter during the term hereof, furnish to Seller a schedule of estimated delivery date requirements, and Seller shall employ its best efforts to meet such schedule. Deliveries of Gypsum Board Paper to Buyer

Handwritten signatures and initials, including a large stylized signature and the name "Rone" written below it.

hereunder shall be spaced at such intervals during the calendar year as Buyer shall reasonably request. Written orders for Gypsum Board Paper shall be issued by Buyer and mailed to Seller on or before the 20th of each month, for deliveries required the following month. The parties shall cooperate to work out a mutually acceptable shipping schedule.

5. Title. Title to all Gypsum Board Paper sold to Buyer hereunder shall in all cases pass to Buyer upon delivery on board carrier's cars or trucks at Seller's San Leandro Plant, and thereafter the risk of loss or damage shall be on the Buyer provided such damage is not due to the negligence of the Seller.

6. Contract Price. The total Contract Price per ton for each type of Gypsum Board Paper delivered hereunder shall be determined as follows:

A. Such price shall consist of:

(1) Seller's actual total costs of production per ton at its San Leandro Plant (including plant overhead) for all types of Paper supplied hereunder (plus additional amounts provided under subparagraph E of this Clause 6); plus

(2) An amount sufficient to yield to Seller on Paper supplied hereunder a gross profit margin of twenty per cent (20%).

For example, based on costs shown in Seller's "Trend of Direct Manufacturing Costs" report for September 30, 1977 (a copy of which is attached hereto), Seller's average costs for all types of paper at its San Leandro Plant were \$204.61 (before depreciation) per ton, which would translate into a "Contract Price" for the quarter October - December 1977 of \$255.76 per ton, in order to yield a gross profit to Seller of twenty per cent (20%) (or \$51.15 per ton).

Handwritten signatures and initials:
- A large, stylized signature at the top right.
- The initials "DGT" below it.
- The initials "Rme" at the bottom right.

The initial Contract Price as so determined (based on costs as of December 31, 1977) and applicable through March 30, 1978, is \$256.00 per ton.

B. Such Price shall be redetermined each calendar quarter based on an average of the costs shown in Seller's "Trend of Direct Manufacturing Costs" reports for the preceding calendar quarter, and such price shall then be effective for each type of paper for the entire following calendar quarter. Seller shall notify Buyer within thirty (30) days after the end of a quarter of the redetermined Price for the following quarter. Until notification of a price adjustment, the Contract Price for the previous quarter will be continued for interim billing purposes; however, at the date of notification of the Contract Price adjustment, the difference between the interim billing price and the adjusted Contract Price since the effective date of the adjustment shall be charged or credited to the Buyer and shall be due and payable to the Seller within the normal terms specified elsewhere in this Agreement. During the term of this Agreement, Seller shall provide Buyer with copies of its monthly "Trend of Direct Manufacturing Costs" report for its San Leandro Plant (reflecting the costs included in this formula), which reports Buyer shall keep confidential.

C. All components of such formula shall be determined in accordance with generally accepted accounting principles.

D. For purposes of this Paragraph 6, the Seller at its sole expense annually shall employ the firm of independent certified public accountants as are employed by Seller for its general accounting and audit purposes to examine the records of Seller for the purpose of determining that the price adjustments computed by the Seller during the preceding year were made in accordance with the terms of this Agreement and to render an opinion with regard thereto to both Buyer and Seller.

E. In the event that after January 1, 1978, Seller makes capital investments

in the San Leandro Plant and if such an investment (a) exceeds \$50,000 in amount, and (b) is reasonably calculated to result in manufacturing cost savings and/or cost increase avoidance, Seller shall partially recover its investment by adding to the then actual production costs (for purposes of the formula in subparagraph A above) an imputed cost of funds on such investment of twenty-four per cent (24%) per year based upon the depreciated book value of such incremental investment.

E. There shall be added to the Contract Price a surcharge of Ten Dollars (\$10.00) per ton for Sheathing Paper.

7. Payment Terms. The terms of payment shall be net thirty (30) days from date of invoice by Seller.

8. Duration. This Agreement shall continue in effect for a term of fifteen (15) years commencing from the date hereof subject only to termination as hereinafter set forth.

9. Termination. In addition to its other remedies at law or equity:

A. Either party may terminate this Agreement, as permitted as follows:

(1) By sixty (60) days' written notice to the other party if an event of "force majeure" (as defined in Clause 10) has caused a suspension of performance of this Agreement by the other party for a continuous period of one hundred eighty (180) days and such force majeure condition has not been corrected or eliminated under the requirements of Section 10 below and exists at the time the notice is given.

(2) By immediate written notice to the other party, if a material breach has occurred by the other party and such breach has continued without correction for a period of thirty (30) days after receipt of written notice thereof from the terminating party, unless such breach is for other than the payment of money, and such breach can be cured within an additional sixty (60) days, and such defaulting party proceeds diligently to cure the same, and in fact cures such breaches within the applicable time.

(3) By immediate written notice to the other party upon the insolvency, receivership or bankruptcy of the other party or an assignment by the other party for the benefit of its creditors, or the filing of any petition by or against the other party under the Bankruptcy Act as now in force or hereinafter amended or under any similar act for the relief of debtors; provided in the case of an involuntary petition against one party, such is not dismissed within thirty (30) days.

B. Seller may terminate this Agreement at any time by sixty (60) days' written notice to Buyer in case Seller ceases to supply paper from its San Leandro Plant to the gypsum wallboard manufacturing plants at Long Beach and Antioch, California which Seller currently owns.

C. Buyer may terminate this Agreement at any time by sixty (60) days' written notice to Seller in case Buyer permanently ceases to operate the Seattle Plant (other than for "force majeure" reasons, and other than by sale or transfer of the Plant, in which situations Clauses 10 and 15 hereof shall control), and Buyer does not anytime within two (2) years thereafter own or operate another gypsum wallboard manufacturing plant within the relevant Seattle market area.

10. Force Majeure. If because of "force majeure" as herein defined either party fails in whole or in substantial part to make or to take deliveries of Paper when and as provided under this Agreement, then each obligation of that party to make or take delivery shall be temporarily suspended to the minimum extent made necessary by such force majeure. The party whose performance is affected by such force majeure shall give notice to the other party, as promptly as practicable, of the nature, probable duration, and the express cause of such suspension of its performance and shall use due diligence to resume full performance of its

obligations hereunder at the earliest practicable date. Any deficiencies in deliveries hereunder caused by force majeure shall not be made up except by mutual consent of the parties.

During any period wherein Seller is unable to furnish Gypsum Board Paper hereunder or is delayed from furnishing the same, and for such reasonable period thereafter as the Buyer's interim purchase commitments may require, Buyer may purchase its requirements of Gypsum Board Paper elsewhere.

The term "force majeure" as used herein shall mean any cause or causes beyond the control of the party whose performance is affected thereby, such as acts of God, civil or military authorities; acts of the public enemy; war or insurrections; tempest; flood; riots, strikes or other labor disturbances; compliance with regulations, orders or requests of any governmental authority, including voluntary or involuntary allocations or priorities arising out of any defense, war, or allocation activity; shortage of fuel or other materials; damage, destruction, unforeseeable breakdowns or failure of any kind to or of Buyer's Seattle Plant or Seller's San Leandro Plant, equipment or facilities necessary for performance hereof; failure or shortages of usual sources of supply; inability to secure transportation; loss of carriers or damage, destruction, breakdowns or failure thereof; or other cause or causes of a similar nature which are beyond the control of the party whose performance is affected thereby and wholly or in substantial part prevent the production or delivery of the Gypsum Board Paper by Seller, the receiving or accepting of the Gypsum Board Paper by Buyer, the use of the Gypsum Board Paper in Buyer's Seattle Plant, or delivery of finished product from Buyer's Seattle Plant.

Interruption of deliveries because of "force majeure" shall not affect the remainder of this Agreement, nor extend its term, and upon removal of the cause of such interruption, delivery shall be resumed as soon as reasonably possible except as herein expressly provided.

11. Warranty. Seller warrants that each type of Gypsum Board Paper sold to Buyer hereunder shall be of the same respective grade and quality and meet the same standards as that same type which Seller supplies to its own gypsum board plants from the San Leandro Paper Plant, and shall comply with the applicable specifications set forth in Schedule A (subject to any change in such specifications as permitted in this Agreement), expressly subject however to the conditions and limitations contained in this Paragraph 11.

If Buyer shall claim that any paper is defective or not in compliance with the applicable specifications for any other reason, it shall give Seller notice thereof within a reasonable time after date of shipment to Buyer, and in any event promptly upon discovery thereof, and Seller shall have a reasonable opportunity to inspect such paper for the purpose of verifying the existence, nature and cause of any such claimed defects. Seller will make its inspection within a reasonable time after notification by Buyer and Seller will make prompt arrangements for disposition, at its sole expense, of any and all such defective paper.

Seller agrees to replace F.O.B. Seller's San Leandro Plant any Gypsum Board Paper which does not comply with the warranty in this Paragraph 11., provided however that (A) Seller shall have no responsibility with respect to paper found to be defective by reason of failure to meet specification requirements as to tensile strength, moisture content or saturation unless Seller shall have received notice of such defect thereof from Buyer within thirty (30) days after date of shipment from Buyer's plant; (B) that except as otherwise specifically provided herein, Seller shall only be responsible for latent defects in Gypsum Board Paper supplied hereunder which are found within six (6) months from date of shipment to Buyer; and (C) that Seller's total and exclusive responsibility hereunder for defective paper or paper not in compliance with specifications for any reason shall not exceed the delivered cost of such paper at Buyer's plant, and Seller shall in no event be liable for any indirect or consequential damages of any kind or nature. THIS WARRANTY IS IN LIEU OF AND

EXCLUDES ANY AND ALL OTHER WARRANTIES, INCLUDING ANY OF QUALITY OR FITNESS, WHETHER EXPRESS OR IMPLIED, AS TO BUYER AND PURCHASERS OR USERS FROM AND THROUGH BUYER.

12. Patent Infringement. Seller represents and warrants that none of the Gypsum Board Paper to be sold hereunder and none of the processes to be used in the manufacture thereof infringes or will infringe any United States Letters Patent and agrees to indemnify and hold harmless the Buyer from and against any and all loss, costs, liability, damage and expense resulting from, arising out of, or incurred in connection with the infringement or alleged infringement of patent rights by reason of Buyer's use or sale of any Gypsum Board Paper purchased from Seller hereunder. Upon notice in writing given to Seller by Buyer, Seller agrees to appear and defend, at its own expense, any and all suits at law or in equity arising from such alleged infringement. If as a result of any such suit Seller's costs and the price to Buyer for Gypsum Board Paper products is increased, Buyer shall have the additional right to terminate this Agreement by giving thirty (30) days' written notice to Seller.

13. Specification Changes. The specifications for Gypsum Board Paper may be changed under any of the following circumstances:

A. Upon reasonable advance written notice by Buyer to Seller, so as to accommodate any reasonable changes in machinery or conditions at Buyer's Seattle Plant; and

B. By mutual written agreement between the parties hereto.

Provided, however, in the event of any such changes, there shall be made such reasonable price adjustments and other changes to the provisions herein as may be equitable to both parties in order properly to reflect any increase or decrease in Seller's actual manufacturing costs of the Gypsum Board Paper of such changed specifications.

Seller represents that as of the date of this contract the facilities at the San Leandro Plant are capable of producing at least 45,000 tons of Gypsum Board Paper per year. Seller agrees to cause such San Leandro Plant facilities to be kept in good working order and production capacity therefrom to be maintained at not less than 45,000 tons per year.

15. Assignment. This Agreement shall not be assigned or transferred in whole or in part by action of the parties, operation of law, or otherwise, except as expressly provided in this clause, without the written consent of the other party, and any such purported assignment or transfer without such written consent shall be void and of no force or effect; provided, however:

A. That either party may assign and transfer this Agreement to any of its subsidiaries or affiliates or its parent company, without such consent, in which instance the party so assigning shall remain liable hereunder for full and faithful performance of this Agreement by such subsidiary, affiliate, or parent company, and

B. Seller may (and shall use its best efforts to do so if requested by Buyer) assign by express written agreement all or part of its rights and obligations under this Agreement to any financially responsible individual or corporation who purchases, leases or operates its San Leandro Plant. In the event of such an assignment, the assignee shall then have such rights and such obligations of the Seller under this Agreement as are the subject of such assignment, and Seller shall have no further rights or obligations under this Agreement with respect to the rights and obligations thereby assigned.

18. Miscellaneous.
